Community Development: Troy Bolander	Date:
Finance Department: Leslie Haase	Date:
City Attorney: Peter C. Edwards	Date:
City Manager: Samuel L. Anselm	Date:

Recommended Action: Approval of a construction agreement with Dalton-Killinger Construction Company in the amount of Three Million Seven Hundred Fifty-Three Thousand Eight Hundred Twenty-Two and 09/100 dollars ($3,753,822.09) for construction of Surface Project 4006, funded through CDBG-DR.

Background: In July 2015, City Council approved the Capital Plan for the expenditure of CDBG-DR funds which included this project. In October of 2016 the City of Joplin approved a contract with JET Associates for the design, bidding and construction management of various disaster recovery projects which included Surface Project 4006. This project includes replacement of damaged sidewalks, curb & gutters, storm water inlets & pipes, ADA ramps at corners, and street pavement. The area for Surface Project 4006 is from Jackson Avenue to Moffet Avenue and 26th Street to 19th and Byers Avenue to Main Street and 26th Street to 18th Street. This is the fourth of several similar projects in the recovery area that focuses on repairing damaged public infrastructure.

Discussion: City staff followed the City of Joplin procurement policy. Bids were opened on February 20, 2018 with 5 firms bidding. Dalton-Killinger Construction Company provided the lowest bid which was below the engineer's estimate. The contractor will start construction after contracts are signed and weather permits with completion in Spring of 2019.

Recommendation: City staff recommends approval of a construction agreement with Dalton-Killinger Construction Company in the amount of Three Million Seven Hundred Fifty-Three Thousand Eight Hundred Twenty-Two and 09/100 dollars ($3,753,822.09) for construction of Surface Project 4006 be approved on an emergency basis per Section 2.12 (6) of the Joplin City Charter.
