3) Go Letter from Federal Aviation Administration

Department Head:	David Hertzberg	Date:
Finance Department:	Leslie Haase	Date:
City Attorney:	Peter Edwards	Date:
City Manager:	Sam Anselm	Date:

Recommended Action: Approval of an Agreement by and between the City of Joplin and Crawford, Murphy & Tilly, Inc., for Engineering Services for the update of the Pavement Management Plan at the Joplin Regional Airport on an emergency basis.

Background: The engineering firm of Crawford, Murphy & Tilly, Inc. is currently amending the Master Plan for the Joplin Regional Airport. This amendment includes the airfield geometry changes reflected from the construction of the new Taxiway C & F project along with the reconfiguration of the priorities of the five-year Capital Improvement Program (CIP).

As part of this process there is a need to update the Pavement Management Plan to document the new pavement construction. We also need to document the impact that the commercial airline equipment upgrade (heavier aircraft) is having on the existing pavement.

Discussion: The FAA has issued a Go Letter for the project for the Federal share up to $95,000. The cost for this agreement will be paid from a future Grant based on a 95/5 Federal/Local share. The CMT contract is a Lump Sum of $98,119.68. The Federal share will be $93,213 and the Local share will be $4,906.68.

Recommendation: Staff recommends approval of the Agreement by and between the City of Joplin and Crawford, Murphy & Tilly, Inc., for Engineering Services for the update of the Pavement Management Plan on an emergency basis per section 2.12(6) of the Joplin Home Rule Charter.
