ARTICLE 3: COLLECTION OF FUNDS

Section 3.1. Imposition of the CID Sales Tax.

The Board of Directors within thirty (30) days after the effective date of this Agreement, shall adopt a resolution that imposes the CID Sales Tax within the District's boundaries, subject to qualified voter approval. Subject to the approval of the qualified voters within the District approving the CID Sales Tax, the District shall use CID Sales Tax Revenue so deposited to make those payments set forth in **Section 3.5**, in the order of priority set forth in **Section 3.5**. All CID Sales Tax Revenue disbursements shall be subject to annual appropriation of the District. The District anticipates that Obligations will be issued to pay CID Bond Project Costs including reimbursement of Developer for CID Reimbursable Project Costs. Whether or not Obligations

are issued, the District may reimburse the Developer for approved CID Reimbursable Project Costs not otherwise reimbursed with Obligation proceeds on a pay as you go basis. Except for CID Bond Project Costs paid solely from Obligation proceeds, the District shall not have any obligation to reimburse Developer for CID Reimbursable Project Costs under this Agreement until the Reimbursement Certificate has been approved (as described in **Section 4.4**) and until sufficient CID Sales Tax Revenue has been collected and is available for payment to Developer.

Section 3.2. Administration and Collection of the CID Sales Tax.

A. The DOR. The CID Sales Tax will be collected by the DOR as provided in the CID Act and deposited into the CID Revenue Account by the DOR.

B. The District. The District shall perform or provide for the performance of all functions incident to the administration, enforcement, and operation of the CID Sales Tax, to the extent not performed by DOR, pursuant to the CID Act, and subject to this Agreement. If collected by DOR, the District shall receive the CID Sales Tax Revenues from DOR, which shall be used in accordance with this Agreement.

Before the CID Sales Tax is collected, the District shall accomplish the following: (i) enter into any contract required by DOR for the collection of the CID Sales Tax and deposit thereof into the CID Revenue Account in accordance with the CID Act and (ii) prescribe any required forms and administrative rules and regulations for reporting the CID Sales Tax. The Parties anticipate that retail businesses within the District Area will collect and report the CID Sales Tax to DOR in substantially the manner and form as set forth in **Exhibit D** attached hereto and incorporated herein by reference. The District shall deposit all proceeds of the CID Sales Tax that may lawfully be collected by the District into the CID Revenue Account.

The District shall keep accurate records of the amount of CID Sales Tax Revenue on deposit in the CID Revenue Account and such records shall be open to the inspection of the City at reasonable times and upon written request. In the event that any records pertaining to the CID Sales Tax are governed by Section 32.057 of the Revised Statutes of Missouri, as amended, the District shall provide such records in the District's possession to the City upon receipt of a written request that conforms to Section 32.057.2(1)(e) of the Revised Statutes of Missouri, as amended, and only to the extent necessary to assist in collection of the CID Sales Tax.

The District shall report all violations that come to its attention of the Sales Tax Law, Sections 144.010 to 144.525 of the Revised Statutes of Missouri, as amended, to the DOR for enforcement to the extent that such violations result in the District's inability to collect the CID Sales Tax in a timely manner as provided for in the Sales Tax Law. All amounts in the CID Revenue Account shall be expended solely in accordance with this Agreement and the Financing Documents. Upon the expiration of the CID Sales Tax, all funds remaining in the CID Revenue Account shall continue to be used solely in accordance with this Agreement and the Financing Documents.

C. The City. Upon receipt of an application for a business license for a new business within the District Area, the Finance Director of the City (or designee) shall provide written notice to the District of the same and the notice shall specify the name of the new business, the address of the new business, and the state sales tax identification number of the new business (if then available or later at such time it is available).

Section 3.3. District Operating Costs.

A. The Operating Costs of the District shall be paid from CID Sales Tax Revenue in accordance with **Section 3.5** of this Agreement. The Operating Costs shall be included in the District's annual budget, as provided in **Section 5.5.** The Operating Costs may be paid from funds available in the CID Operating Account.

B. The CID Operating Account will be initially funded in the amount of $30,000 with proceeds from the Obligations issued by the IDA (or other eligible issuer) for the payment of Operating Costs and CID Reimbursable Project Costs. In each fiscal year that the balance in the CID Operating Account is less than $30,000, the District may replenish the CID Operating Account up to $30,000 with available CID Sales Tax Revenue. If the District incurs extraordinary Operating Costs in excess of $30,000 in any fiscal year, the District may use available CID Sales Tax Revenue to pay for such extraordinary Operating Costs provided that the City and the Trustee first approve of the payment in writing.

C. In the event that there are insufficient funds generated by CID Sales Tax Revenue in any fiscal year to cover the Operating Costs incurred with respect to such fiscal year, such costs shall be paid by the Developer, who may seek reimbursement of same as a CID Reimbursable Project Cost in accordance with this Agreement.

Section 3.4. Enforcement of the CID Sales Tax.

Except to the extent otherwise provided in the CID Act, the District shall be responsible to prosecute or defend all actions, lawsuits, or proceedings necessary for collection and enforcement of the CID Sales Tax. In the case that the City has determined that the District has failed to fulfill its obligation under this Section, the City is hereby authorized, to the extent permitted by law, to prosecute or defend all actions, lawsuits, or proceedings necessary for collection and enforcement of the CID Sales Tax in either its name or the name of the District. In such case, the District hereby agrees to cooperate fully with the City and to take all action necessary to effect the substitution of the City for the District in any such action, lawsuit, or proceeding if the City shall so request.

Notwithstanding anything to the contrary in this Agreement, neither the City nor the District shall be required to undertake any enforcement action if the cost of such enforcement is reasonably expected to exceed the amount of revenues sought to be collected. Any costs incurred by any Party in an attempt to enforce and/or collect the CID Sales Tax pursuant to this Section shall be considered as an Operating Cost and distributed to such Party in accordance with **Section 3.5** of this Agreement.

Section 3.5. Distribution of the CID Sales Tax Revenue.

The District agrees to pay or reimburse the Developer for Reimbursable Project Costs on a pay as you go basis or by the issuance of Obligations, as provided herein, subject to the terms and conditions of the Financing Documents. Nothing in this Agreement shall obligate the District to issue, cause to be issued, or further endorse Obligations for any cost that is not a CID Reimbursable Project Cost. CID Reimbursable Project Costs will be certified and allocated as eligible for reimbursement and reimbursed through CID Sales Tax Revenue.

A. Obligations. In the event Obligations are issued, the District shall, pursuant to the Financing Documents, provide for transfer to the Trustee of the CID Sales Tax Revenue generated within the District, except for the funds reserved to pay for Operating Costs in the Operating Account. The payment of CID Bond Project Costs shall be approved in the manner set

forth in the Financing Documents, which will require that the City approve and certify each written request for disbursement (in the form attached as Exhibit B to the trust indenture as part of the Financing Documents) prior to the payment of CID Bond Project Costs.

B. Pay As You Go. In the event that Obligations are not issued, the CID Project may be funded on a pay as you go basis and the District shall not disburse any of the CID Sales Tax Revenues for CID Reimbursable Project Costs until the City has approved the Reimbursement Certificate, as defined in **Section 4.4**, and in accordance with the approved annual Budget. The District shall, subject to annual appropriation by the Board of Directors, make disbursements of the CID Sales Tax Revenues Fund on a monthly basis in the following order of priority:

1. Payment of approved Operating Costs of the District after the City has approved any required Reimbursement Certificate in accordance with **Section 4.4**, and to the extent CID Reimbursable Project Costs remain unpaid.

2. Payment of the CID Reimbursable Project Costs and related Financing Costs with (i) CID Sales Tax Revenue generated in CID Revenue Area B, and (ii) if Obligations are not issued, CID Sales Tax Revenue generated in CID Revenue Area A, after the City has approved any required Reimbursement Certificate in accordance with **Section 4.4**, and to the extent CID Reimbursable Project Costs remain unpaid.

Section 3.6 Use of Captured CID Sales Tax Revenue

The Developer and City intend that certain Redevelopment Projects proposed under the TIF Plan will be activated after the District's imposition of the CID Sales Tax. Should any CID Sales Tax Revenue be captured under the TIF Plan or applicable Missouri law, the parties agree that the captured CID Sales Tax Revenue shall utilized for reimbursement of reimbursable project costs, as said term is used and defined in the TIF Plan and the TIF Contract to implement the TIF Plan associated with the CID Project and shown on the Petition and **Exhibits E-1 and E-2** or to pay the Obligations.

Section 3.7. Modification of the CID Sales Tax and Termination of the District.

Subject to limitations of the CID Act, upon (A) twenty-seven (27) years from the effective date of the Ordinance, or (B) for such shorter or longer period to coincide with the termination of the District in accordance with the CID Act at such time as (i) the CID Project has been completed, (ii) all CID Reimbursable Project Costs and related Financing Costs have been reimbursed, (iii) the Obligations issued by the IDA (or other eligible issuer) have been paid in full, and (iv) all costs included in **Exhibit E-2** attached hereto that are eligible to be paid or reimbursed with CID Sales Tax Revenue have been paid or reimbursed, the District shall implement the procedures in the CID Act to decrease or otherwise modify the CID Sales Tax to the amount necessary to fund eligible services within the District including, but not limited to, the ongoing maintenance of the Sports Complex. The District shall not implement the procedures for repeal or modification of the CID Sales Tax and abolishment of the District if the District, with the prior written consent of the City, has approved another project pursuant to the CID Act.

ARTICLE 4: ACQUISITION AND FINANCING CID PROJECT

Section 4.1. Acquisition of Land. The Developer owns or shall acquire the Sports Complex Property. The Developer shall sell the Sports Complex Property to the District or the

City and the District or City shall purchase the Sports Complex Property from the Developer pursuant to the terms and conditions of the Purchase and Sale Agreement. The District's and the City's sole source of funds to acquire the Sports Complex Property are the proceeds of the Obligations. The issuance of the Obligations is a condition precedent, among others, under the Purchase and Sale Agreement that must occur before the District becomes obligated to acquire the Sports Complex Property.

Section 4.2 Design and Construction of CID Project.

A. The District and City hereby acknowledge that the Developer plans to construct the CID Project in accordance with this Agreement and pursuant to the terms and conditions of the Construction Management Agreement. The City and District shall work in good-faith with the Developer to develop the plans, specifications, and ultimate design of the Sports Complex. The Developer and City agree that prior to the commencement of the construction of the CID Project or, specifically, the Sports Complex, the Developer and City shall jointly approve the plans, specifications and design of the Sports Complex. The CID Project shall be carried out subject to Applicable Laws and Requirements and this Agreement. The Developer shall comply with all Applicable Laws and Requirements including laws related to public bidding, the posting of bonds, prohibitions and requirements contained in Chapters 67, 208, 285, 290, 292, and 650, RSMo (as applicable) and the payment of prevailing wages to contractors or subcontractors of Developer for construction of the CID Project, if applicable. Developer shall indemnify and hold harmless the City and the District for any damage resulting to it from failure of either Developer or its contractor or subcontractors to pay prevailing wages pursuant to applicable laws.

B. If the Developer fails to complete the CID Project by the date(s) set forth in the TIF Contract, the City shall have the right to send a notice to Developer of such default and the requirement to cure the default within thirty (30) days, or if it is not practical to cure such default within thirty (30) days, such time period granted by the non-defaulting party.

C. If the Developer fails to cure such default, then the City may assume responsibility to complete the CID Project in accordance with this Agreement, provided that the City's sole source of funding shall be available proceeds from the issuance of the Obligations by the IDA.

D. The District has obtained or applied for a sales tax exemption letter from the Missouri Department of Revenue. To the extent permitted under the CID Act, Section 144.062, RSMo, as amended, and other Applicable Laws and Requirements the District, subject to receipt of a sales tax exemption letter from the Missouri Department of Revenue, will provide to the Developer a sales tax exemption certificate for the purchase of construction supplies and materials necessary for the construction of the CID Project. The Developer shall adhere to the procedures for implementing the District's sales tax exemption certificate as provided in the Construction Management Agreement.

Section 4.3. Financing the CID Project.

A. It is anticipated that the IDA will issue Obligations, in one more series, to provide financing for the CID Project as described in **Exhibit E-2**, including the District's acquisition of the Sports Complex Property. Pursuant to the Financing Documents, the Developer and City, if necessary, will be reimbursed from proceeds of the Obligations for CID Bond Project Costs incurred.

B. The Obligations shall be payable solely from the CID Sales Tax Revenue, any amount captured as economic activity taxes by the TIF Plan, and proceeds of the Obligations and from no other source. The Obligations shall not constitute a debt or liability or general obligation of the District, the City, the State, any authority that may issue the Obligations on the District's behalf, or any agency or political subdivision thereof. To the extent that the CID Bond Project Cost exceeds the amount stated in **Exhibit E-2**, the Developer shall be responsible to pay for any cost overruns.

C. The Developer and the City covenant to cooperate and take all reasonable actions necessary to assist the District and its bond counsel, underwriters and financial advisors in the preparation of offering statements, private placement memoranda or other disclosure documents and all other documents necessary to market and sell Obligations, as appropriate. The City agrees to provide historical sales tax collection information for businesses within the District Area. The Developer and the City will not be required to disclose to the general public or any investor any proprietary or confidential financial information pertaining to the Developer or any retailer.

E. The District agrees to cause the officer of the District at any time charged with the responsibility of formulating budget proposals to include in the budget proposal submitted to the District for each fiscal year that the Obligations are outstanding, a request for an appropriation of CID Sales Tax Revenues for application to the payment of Obligations in accordance with this Agreement.

Section 4.4. Certificate of Completion and CID Reimbursable Project Costs.

Upon substantial completion of the CID Project (or a portion thereof), Developer shall submit a Certificate of Completion substantially in the form attached hereto as **Exhibit B** ("Completion Certificate") to the District and the City for approval; provided, however, that a Completion Certificate shall not be required for payment of CID Bond Project Costs, which will be paid in the manner set forth in the Financing Documents. The District shall submit the Completion Certificate to the City to verify that the CID Project has been completed in accordance with all Applicable Laws and Requirements. If the City determines, in its reasonable discretion, that the CID Project has been completed in accordance with all Applicable Laws and Requirements, then the City shall approve the Completion Certificate, which approval shall not be unreasonably withheld. If the City determines not to approve the Completion Certificate, the City shall notify the District and the Developer as appropriate in writing within fifteen (15) days after receiving the Completion Certificate, and shall specify in such notice the reason(s) for withholding its approval. Upon request of the Developer, the City shall hold a hearing at which the Developer may challenge the City's determination, including presentation of new and/or additional evidence.

A. The issuance of a Completion Certificate by the District and the City shall be a conclusive determination of the satisfaction of the covenants in this Agreement with respect to the obligations of Developer to complete the CID Project, but shall not prevent District or City from future action in the event of any subsequent default by Developer in the performance of any of its other obligations under this Agreement.

B. Each such certificate issued by District and City shall contain a description of the real property affected thereby and shall be in such form as will enable it to be accepted for recording in the Office of the Recorder of Deeds for Jasper County, Missouri.

Section 4.5. Ownership and Maintenance of CID Project.

Subject to this Agreement and the Purchase and Sale Agreement, the District or City will acquire title to the Sports Complex Property within the District Area and, following completion, the Sports Complex. So long as there is CID Sales Tax Revenue available that is not pledged to the Trustee, all unpledged revenue in the CID Sales Tax Account shall be utilized by the District to pay for the operational and maintenance expenses that may arise from the Sports Complex and as further defined in the standalone agreement between the City and the District regarding the management and operation of the Sports Complex.

Section 4.6. New CID Projects.

The District shall not undertake new improvement projects without the prior approval of the City Council and any changes to the CID Project contemplated herein shall be governed by the terms and processes of the CID Act.

Section 4.7. District Eligible Services.

The District shall not undertake the provision of CID Eligible Services as authorized in Section 67.1461 RSMo without the prior approval of the City Council, except for those services reasonably necessary to ensure the adequate maintenance and operation of the Sports Complex as further defined in the standalone agreement between the City and District regarding the management and operation of the Sports Complex.

Section 4.8. Addition of Property of Property to District.

The Parties acknowledge that under the CID Act the District may only acquire property and spend CID Sales Tax Revenue within the District. At the time that the District was created, certain real property, more specifically described in **Exhibit G,** was not included within the boundaries of the District. The Parties understand that to fund the CID Project as currently contemplated, annexing the Annexed Property into the District is necessary. Following the effective date of the resolution adopted by the Board of Directors imposing the CID Sales Tax as approved by the qualified voters within the District, the Developer, and any other property owner necessary, shall submit a petition to the Board of Directors in compliance with Section 67.1441.2, RSMo, to add the Annexed Property to the District. The District and the City will ensure that all procedural requirements set forth in Section 67.1441.2, RSMo, and the CID Act generally, shall be complied with and agree to consider the addition of the Annexed Property in good faith.

ARTICLE 5: SPECIAL COVENANTS

Section 5.1. Records of the District.

The District shall keep proper books of record and account in which full, true, and correct entries will be made of all dealings or transactions of or in relation to its business affairs in accordance with generally accepted accounting principles consistently applied, and will furnish the City upon written request (within a reasonable time not to exceed three business days) such information as it may request concerning the District, including such statistical and other operating information requested by the City on a periodic basis, in order to determine whether the covenants, terms, and provisions of this Agreement have been met.

In addition, the District shall prepare or cause to be prepared financial statements each fiscal year. The District shall be responsible for causing the preparation of audited or unaudited financial statements as may be required by the Financing Documents. The annual unaudited or

audited financial statements of the District for each fiscal year shall be prepared and submitted to the City no later than one hundred eighty (180) days following the end of such fiscal year. For that purpose and upon at least two (2) business days' notice to the District, all pertinent books, documents, and vouchers relating to the District's business, affairs, and properties shall at all times during regular business hours be open to the inspection of such accountant, other agent, or City official or employee (who may make copies of all or any part thereof provided that the confidentiality of all records shall be maintained pursuant to such confidentiality agreements as reasonably required) as shall from time to time be designated and compensated by the inspecting Party.

Section 5.2. Records.

The Parties shall keep and maintain adequate records pertaining to the costs of the CID Project and disbursements for reimbursement or payment of the costs of the CID Project and related Financing Costs and Operating Costs. Such records shall be available for inspection by the City and/or District at reasonable times and upon written notice.

Section 5.3. Notice to and Consent by Tenants and Transferees.

A. Developer shall use its reasonable best efforts to cause all leases of all or any part of property located in the District entered into after the date of this Agreement by Developer to contain a provision that is in substantial compliance with the following, provided that Developer shall have no obligation to include such covenants in any deeds, leases or other instruments by which any interest in real property has been obtained prior to execution of this Agreement:

> Community Improvement District: Tenant acknowledges and consents that (i) all or a portion of the Leased Premises are located within the boundaries of the Joplin Sports Facility Community Improvement District ("District") created by Joplin, Missouri (the "City"), (ii) that the District imposes a sales tax on economic activities occurring within the District Area, which tax will be applied toward the costs of improvements that will provide a generalized benefit to the District. If any of Tenant's sales activities occur within the District Area, upon request of the City, Tenant shall forward to the City copies of Tenant's State of Missouri sales tax returns for its property located in the District when and as they are filed with the Missouri Department of Revenue. Tenant hereby acknowledges and agrees that the District is a third party beneficiary of the obligations in this paragraph and shall have a separate and independent right to enforce these reporting requirements.

Developer shall use its reasonable best efforts to cause a provision in substantial compliance with this provision to be included in all sales contracts entered into after the date of this Agreement by Developer with purchasers of property located within the District Area, requiring said sales information be provided to the District.

B. Promptly following the execution of any instrument transferring of all or any part of property located in the District, Developer shall provide a certification to the District, signed by Developer and such transferee, confirming that the instrument includes the provisions satisfying Developer's obligation as set forth in this **Section 5.3**. Failure of Developer to require that such restrictions be placed in any such instrument shall in no way modify, lessen, or diminish the obligations and restrictions set forth herein relating to the District's rights of enforcement and remedies under this Agreement, nor shall it affect the Developer's right to reimbursement of its

CID Reimbursable Project Costs or otherwise form the basis of a default on the part of the Developer hereunder.

C. The District, and, to the extent necessary Developer, shall use reasonable efforts to enforce the sales contract obligation set forth in paragraph A of this Section and shall use reasonable efforts to require any purchaser or other transferee or possessor of all or part of property located in the District, to timely pay any CID Sales Tax due. This obligation shall be a covenant running with the land and shall be enforceable against Developer and against any purchaser or other transferee or possessor from Developer as if such purchaser or possessor were originally a Party to and bound by this Agreement and shall only terminate upon the end of the term of the District. All costs incurred by the District and/or Developer in using reasonable efforts to enforce the obligations contained in this Section shall be deemed to be CID Reimbursable Project Costs that are reimbursable from the CID Sales Tax Revenue.

Section 5.4. Developer's Obligations to the City Under Bond or Surety.

A. The Parties agree that the CID Project, or any portion thereof, which the Developer is or becomes obligated to the City to construct pursuant to any City Code provision or Ordinance, does not diminish the consideration to the District as recited in **Section 2.1** and shall be a CID Bond Project Cost or a CID Reimbursable Project Cost, as applicable, that may be paid or reimbursed in accordance with this Agreement.

B. The Parties agree that in the event that the City constructs or causes to be constructed any portion of the CID Project pursuant to any action on a bond or other form of surety that is provided to the City by the Developer pursuant to the City Code or a City ordinance, then the City shall be entitled to reimbursement from the District for such CID Bond Project Costs or CID Reimbursable Project Costs, as applicable, that are not paid or reimbursed to the City under such bond or surety.

Section 5.5. Annual Budget.

The Board of Directors shall prepare, or cause to be prepared, a budget for capital and operating expenses for the District's first fiscal year and submit that budget to the City's Director of Finance ("Finance Director") within sixty (60) days after the date the City Council approves the ordinance to establish the District. The fiscal year of the District shall be the same as that of the City. For each subsequent fiscal year of the District, the Board of Directors shall prepare, or cause to be prepared, a budget for capital and operating expenses for the District's upcoming fiscal year and, no earlier than one hundred eighty (180) days and no later than ninety (90) days prior to the first day of each fiscal year, shall submit a proposed budget to the Finance Director for review (the "Annual Budget"). Within a reasonable time after obtaining the Finance Director's comments regarding the Annual Budget, the Board of Directors shall approve the same. In no event shall any budget provide funding for services or maintenance within the District Area. Each Annual Budget for the District shall be prepared in accordance with all applicable state statutes including Sections 67.010 and 67.1471 RSMo, as amended.

Section 5.6. Board of Directors.

Pursuant to Section 6 of the Petition, Successor Directors to the Board of Directors shall be appointed by the Mayor with the consent of the City Council. The City shall be entitled to appoint the Finance Director as an ex officio member of the District's Board of Directors. Such ex officio member shall be permitted to attend District Board of Directors meetings but shall not

have any voting power. The District shall notify the City in writing of each meeting of the District's Board of Directors by sending a copy of such notice and an agenda for the noticed meeting to the Finance Director at City Hall, 602 S. Main Street, Joplin, Missouri 64801.

ARTICLE 6: DEFAULTS AND REMEDIES

Section 6.1. Events of Default.

If the following event shall occur and be continuing following the expiration of any cure provisions herein, then such event shall constitute an Event of Default under this Agreement: failure by any Party in the performance of any covenant, agreement or obligation imposed or created by this Agreement (except as otherwise provided in **Section 5.3**), and the continuance of such default for ninety (90) days, or such longer period of time required if the defaulting Party determines with consent of the other parties that the default cannot be cured within such 90 days period, after a non-defaulting Party has given written notice to the defaulting Party specifying such default.

Section 6.2. Remedies on Default.

If any Event of Default has occurred and is continuing, then any non-defaulting Party may, upon its election or at any time after its election while such default continues, by mandamus or other suit, action or proceedings at law or in equity, enforce its rights against the defaulting Party and its officers, agents and employees, and to require and compel duties and obligations required by the provisions of this Agreement. To the extent that the City must enforce its rights against the CID due to an Event of Default, costs incurred by the City for such enforcement shall be Operating Costs.

Section 6.3. Rights and Remedies Cumulative.

The rights and remedies reserved by the Parties under this Agreement and those provided by law shall be construed as cumulative and continuing rights. No one of them shall be exhausted by the exercise thereof on one or more occasions. The Parties shall be entitled to specific performance and injunctive or other equitable relief for any breach or threatened breach of any of the provisions of this Agreement, notwithstanding availability of an adequate remedy at law, and each Party hereby waives the right to raise such defense in any proceeding in equity.

Section 6.4. Waiver of Breach.

No waiver of any breach of any covenant or agreement contained in this Agreement shall operate as a waiver of any subsequent breach of the same covenant or agreement or as a waiver of any breach of any other covenant or agreement, and in case of an Event of Default, a non-defaulting Party may nevertheless accept from the defaulting Party, any payment or payments without in any way waiving the non-defaulting Party's right to exercise any of its rights and remedies as provided herein with respect to any such default or defaults in existence at the time when such payment or payments were accepted by the non-defaulting Party.

Section 6.5. Excusable Delays.

No Party shall be deemed to be in default of this Agreement because of Excusable Delays. Excusable Delays shall extend the time of performance for the period of such excusable delay.

ARTICLE 7: MISCELLANEOUS

Section 7.3. Immunities.

No recourse shall be had for any claim based upon any representation, obligation, covenant or agreement in this Agreement maintained against any past, present or future officer, member, employee, director or agent of the City, Developer or the District, or of any successor thereto, as such, either directly or through the City, Developer or the District, or any successor thereto, under any rule of law or equity, statute or constitution or by the enforcement of any assessment or penalty or otherwise, and all such liability of any such officers, members, employees, directors or agents as such is hereby expressly waived and released as a condition of and consideration for the execution of this Agreement. The District, as a separate political subdivision of the state, is responsible for compliance with all applicable state laws and agrees, to the extent permitted by law, to hold harmless and indemnify the City from and against all suits, claims, costs of defense, damages, injuries, liabilities, costs and/or expenses, including court costs and attorney's fees, resulting from, arising out of, or in any way connected with the District's failure to comply with any applicable state law. The City, as a separate political subdivision of the state, is responsible for compliance with all applicable state laws and agrees, to the extent permitted by law, to hold harmless and indemnify the District from and against all suits, claims, costs of defense, damages, injuries, liabilities, costs and/or expenses, including court costs and attorney's fees, resulting from, arising out of, or in any way connected with the City's failure to comply with any applicable state law.

Section 7.4. Modification.

The terms, conditions, and provisions of this Agreement can be neither modified nor eliminated except in writing and by mutual agreement between the Parties. Any modification to this Agreement as approved shall be attached hereto and incorporated herein by reference.

Section 7.5. Applicable Law; Common Representation.

This Agreement shall be governed by and construed in accordance with the laws of the State of Missouri and all actions shall be heard in Jasper County Circuit Court. The District and the Developer agree that the engagement of common special legal counsel among such Parties does not materially limit the representation of those Parties and will not adversely affect the relationship among such Parties. To the extent that such common legal representation presents a conflict of interest, the District and the Developer hereby consent to common representation.

Section 7.6. Validity and Severability.

It is the intention of the Parties hereto that the provisions of this Agreement shall be enforced to the fullest extent permissible under the laws and public policies of State of Missouri, and that the unenforceability (or modification to conform with such laws or public policies) of any provision hereof shall not render unenforceable, or impair, the remainder of this Agreement. Accordingly, if any provision of this Agreement shall be deemed invalid or unenforceable in whole or in part, this Agreement shall be deemed amended to delete or modify, in whole or in part, if necessary, the invalid or unenforceable provision or provisions, or portions thereof, and to alter the balance of this Agreement in order to render the same valid and enforceable.

Section 7.7. Execution of Counterparts.

This Agreement may be executed simultaneously in two or more counterparts, each of which shall be deemed to be an original, but all of which together shall constitute one and the same instrument.

Section 7.8. City Approvals.

Unless specifically provided to the contrary herein, all approvals of City hereunder may be given by the City Manager or his/her designee without the necessity of any action by the City Council. The City Manager, at his/her discretion, may seek the advice or consent of the City Council for any requested approval.

Section 7.9. District Approvals.

Unless specifically provided to the contrary herein, all approvals of District hereunder may be given by the Chairman or his/her designee without the necessity of any action by the Board of Directors.

Section 7.10. Developer Approvals.

Unless specifically provided to the contrary herein, all approvals of Developer hereunder may be given by the agent of Developer.

Section 7.11 Successors and Assigns; Assignment of Developer's Obligations.

A. This Agreement shall be binding on and shall inure to the benefit of the Parties named herein and their respective heirs, administrators, executors, personal representatives, successors and assigns.

B. Without limiting the rights of the Developer or any third party under **Section 5.3** hereof, the Developer agrees that this Agreement and the rights, duties and obligations hereunder

may not and shall not be assigned by the Developer without the prior written consent of the City and the District, which consent shall be given if the City and the District determine that the proposed transferee has all of the qualifications and financial responsibility, as reasonably determined by the City and the District, necessary and adequate to fulfill the obligations of Developer, and, if the proposed assignment relates to a portion of the CID Project that are under way, such obligations to the extent that they relate to such portion of the CID Project. Any proposed transferee (including, without limitation, any transferee referenced in subsection 1., 2., or 3. below) shall, expressly for the benefit of the City and the District, enter into an agreement with the City and the District obligating the assignee to assume all of the obligations of the Developer under this Agreement and agree to be subject to all the conditions and restrictions to which the Developer is subject (or, in the event the transfer is of or relates to a portion of the CID Project, such obligations, conditions and restrictions to the extent that they relate to such portion). For purposes of this **Section 7.11.B**, any sale, transfer, assignment, pledge or hypothecation of an interest in the Developer (other than to an Affiliate of the Developer) that results in a change in management control of Developer will constitute an assignment of this Agreement. Notwithstanding the foregoing:

1. The Developer may at any time without the City's or the Developer's consent assign its rights, and delegate its duties and obligations under this Contract to an Affiliate of the Developer.

2. No consent will be required under this **Section 7.11.B** for any pledge or assignment of this Agreement or pledge or assignment of an interest in the Developer or any interest in any member of the Developer as collateral security for the Developer's loans, advances or extensions of credit to finance or from time to time refinance all or any part of the CID Project, or the right of the transferee of any such collateral assignment to transfer such interest by foreclosure or transfer in lieu of foreclosure under such collateral assignment.

Upon such assignment, the Developer shall be released from such obligations accruing after the date of such assignment.

Section 7.12. Recording of Agreement.

Upon full execution by the District, Developer and City, this Cooperative Agreement or a memorandum of this Agreement, shall be recorded by the City, at the District's expense, in the Office of the Recorder of Deeds for Jasper County, in Carthage, Missouri.
