City Manager:	Sam L. Anselm	Date:

Recommended Action: Approval of Council Bill No. 2018-122

INTRODUCTION: In July 2015, City Council approved the Capital Plan for the expenditure of CDBG-DR funds which included the CDBG-DR funded Mohaska Trail project. In January of 2016 the City of Joplin approved a contract with Olsson Associates, DBA Joplin Engineering Team (JET) for the design, procurement and construction management of various disaster recovery projects which included the Mohaska Trail Project. This project includes the construction of a multi-use trail from Cunningham Park south toward the KCU property then eastward connecting to former Mohaska Avenue and continuing to Pearl Ave. and then north to 26th Street. An additional portion will continue south along St. Johns Blvd. to 32nd Street. The portion along St Johns Blvd is funded through a federal grant administrated by MoDOT.

DISCUSSION: This Amendment is to revise the scope of the Work Authorization to include engineering, surveying, Right-of-Way negotiations, and construction management for the Mohaska Trail realignment. This work is being done to ensure that the Mohaska trail project does not traverse Kansas City University of Medicine and Biosciences (KCU) property. The amendment fee for the added scope is not to exceed seventeen thousand seven hundred thirty nine and 00/100 dollars ($17,739.00). The fee associated with this Amendment will be paid for using the funds received from the Agreement with KCU of $170,000.

RECOMMENDATION: City staff recommends the approval of the Amendment in the amount of seventeen thousand seven hundred thirty nine and 00/100 dollars ($17,739.00), as it pertains to the CDBG-DR funded Mohaska Trail project on an emergency basis per Section 2.12(6) of the Home Rule Charter of the City of Joplin, Missouri, and as such, this ordinance shall become effective immediately upon its passage.
