REASON FOR RENAMING

The City received a request to change the name of a portion of S McKee Ave, in honor of retired Police Officer, JD Love. Officer Love had lived in this neighborhood and Ms. Melodee Colbert-Kean requested the renaming to commemorate his service. City officials informed Ms. King that the request required a public hearing and agreed to apply and bring the request on the requestee's behalf. The proposed new name for the Street is JD Love Way. The Way designation is consistent with the street naming patterns of the City.

This case is a public hearing and notices were sent to affected property owners with property directly adjacent to this portion of S McKee Ave. Protest Petitions were included with the letters notifying recipients of the hearing and where to submit signed Protest Petitions if the recipients were opposed to the renaming. The notices were sent before the typical 15-day period in order to give the property owners additional time to respond.
Staff recommends approval of Case 051-23.
