SUMMARY
This Council Bill approves a change in classifications to add the category for a Mechanical contractor specialty.

BACKGROUND
During recent review training for Business Licenses, staff discovered that the Building Code, Chapter 26, requires a specialty contractor's license for Electrical, Mechanical, and Plumbing specialties. However, the Business License chapter only references Electrical and Plumbing. The mechanical licenses were being issued under the plumbing classification.

In order to ensure the building code and the business license code match, this ordinance change simply creates the license classification for Master, Journeyman, and Apprentice Mechanical in the same format as Electrical and Plumber. The fee for the first master license per year is $150.00, while the renewal fee is $100.00. The fee for the first journeyman license per year is $25.00, while the renewal fee is $15.00. The apprentice fee is $5.00 per year.
