Safe Streets for All (SS4A) Plan Presentation

Jay Wynn and Marc Thornsberry from CJW gave a Safe Streets for All Safety Plan presentation. Jay presented an overview of what a SS4A Safety Plan is, what it does, and why JATSO is creating a plan. Marc discussed the initial survey results with the committee. The results reflected the answers received from committee members. The group discussed the next steps in the safety plan process. The safety survey will go live for the general public on October 1st and it will remain open until October 31st. CJW announced an open house is scheduled at the Joplin Public Library on October 29th from 3pm-6pm. Committee members were asked to forward the survey and open house invitation to other members of their organizations. The group discussed how often the committee should meet each year to discuss Complete Street business and what days of the week work best. The group decided quarterly meetings held on Wednesday or Thursday worked best.
