Re: City of Joplin
Municipal Electric Service Agreement

Dear Dan,

Article 4 of the 2014 Municipal Electric Service Agreement (MESA) between The Empire District Electric Company and the City of Joplin states:

> The COMPANY shall change the location of or remove any street lamp in use upon the written request of the CITY, provided the CITY shall pay the COMPANY the actual cost thereof as determined by the records of the COMPANY.

The execution and return of this correspondence by the City of Joplin to Empire shall constitute written request that Empire remove the street lights along Main Street from 15th Street to 32nd Street pursuant to the terms of the MESA.

Empire has provided the City a $50,129.67 estimate for these services, which represents our good faith estimate of Empire's actual cost to remove as determined by the records of the company at the completion of the work. The estimate provided is only for removal of the street lights along Main Street from 15th Street to 32nd Street, and it does not include any remaining book value for the facilities installed at those locations since they have been maintained under contract for duration longer than the depreciable life.

Empire's bid for this project is the actual costs to remove the equipment as determined by its records at the completion of the work. However, consistent with our discussions about this project, in this specific instance Empire will not bill the City of Joplin for any remaining book value for the street light facilities along Main Street from 15th Street to 32nd Street.

Thank you for your attention concerning this matter.

Very truly yours,
THE EMPIRE DISTRICT ELECTRIC COMPANY

Sam McGarrah
Director of System Performance
