Recommended Action: Authorization to accept an Agreement by and between the City of Joplin and Emery Sapp and Sons, Inc. regarding the rehabilitation of the General Aviation Ramp at the Joplin Regional Airport on an emergency basis.

Summary: The Missouri Department of Transportation (MoDOT) has issued the Joplin Regional Airport an Airport Aid Agreement for the Airport to rehabilitate the GA apron. This project will involve the repair of the existing substructure and a new overlay and markings.

The engineering firm of Crawford, Murphy, & Tilley (CMT) was selected to assist in the evaluation, scoping, bidding, and administration of the project.

Discussion: The GA Ramp Rehab project was bid in July and Emery Sapp and Sons, Inc. was the low bidder. There were 2 bidders for the project with both bids over the engineering estimate. After review by MoDOT they recommended the contract award to Emery Sapp. The contract amount of $1,185,803.25 will be paid from the State Block Grant based on a 90/10 State/Local share.

Recommendation: Staff recommends approval of the Construction Agreement between the City of Joplin and Emery Sapp and Sons, Inc. for the rehabilitation of the GA Ramp at the Joplin Regional Airport on an emergency basis to meet the MoDOT timeline.
