REVIEWED BY

Department Head: Leslie Haase; Parks Director: Paul Bloomberg; City Attorney: Peter Edwards; City Manager: Nick Edwards

SUMMARY

This Council Bill approves a contract with Satterlee Plumbing, Heating and Air Conditioning in the amount of $439,305 to complete the Joplin Historical and Mineral Museum HVAC upgrades.

BACKGROUND

The Joplin History and Mineral Museum opened its doors to the mineral side in 1931 with historical side being added in 1978. The HVAC system that is being replaced was put in 1970. The current system can only be controlled manually for each zone in the museum. We have seen several repairs over the years, and it has come time to upgrade this 50 plus year old system. The City issued an RFP on August 30, 2024. There was one (1) bid from Satterlee in the amount of $439,305.00 to perform the work.
