CB2025-154, Ordinance, Sales Quotation from Tri-State Truck Center, Inc., (Sourcewell Contract #56543)

REVIEWED BY
Director of Public Works, Daniel Johnson; Director of Finance, Leslie Haase; City Attorney, Peter Edwards; Assistant City Manager, Tony Robyn; City Manager, Nicholas Edwards

SUMMARY
This Council Bill approves the issuance of a Purchase Order to Tri-State Truck Center, Inc., (Sourcewell Contract #56543) in the amount of One Hundred Fifty-Seven Thousand Four Hundred Five and 00/100 Dollars ($157,405.00) for the purchase of a 2025 Mack GR64F Chassis with mDRIVE transmission.

BACKGROUND
The Sewer Treatment Division Biosolid Hauling/Application program is transitioning its fleet of haulers from 18-wheel tanker semis to 10-wheel tandem axle trucks. This transition was necessary due to the reduced size of acreages participating in the biosolids application program and the difficulty in hiring Class A CDL drivers. These factors, along with the age and condition of the current fleet, led the Public Works Sewer Treatment Division to request approval to purchase a new 4000 Gallon Sludge Hauler to replace a 2002 model 6000-gallon semi during the FY 2025-2026 Budget process. To obtain the best pricing Department staff used the competitively bid government Sourcewell contract #56543 with Tri-State Truck Center, Inc., to purchase a suitable replacement for the semi-truck. The 2025 Mack GR64F meets the future requirements of the Sewer Treatment Division Biosolid Hauling/Application Program. This is a cab and chassis only. The tank will be purchased and installed using a separate purchase order. This purchase was included in the FY 2025-2026 budget.

FUNDING SOURCE
This is included in the FY 2026 Budget in the Sanitary Sewer Fund.

RECOMMENDATION
Staff recommends approval of Council Bill 2025-154 on 1st reading.
