STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. While the future land use map does indicate future retail commercial for this property and the surrounding residential neighborhood, the rezoning request is consistent with the intent of the comprehensive plan, particularly in increasing infill development.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of M-2 is somewhat suitable for this property. It appears before the property was vacant, it was used as a storage yard. Few industrial uses other than storage would be able to fit on this size of property.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 will not be detrimental to nearby property. The R-2 district is one the most protected districts with very few allowable uses. Rezoning to a district that allows for much less intense developments will not have a detrimental effect on nearby property.

DISCUSSION

This request is compatible with the Comprehensive Plan and the zoning requested is appropriate for the area. Nearby properties will not be affected by the change to a less intense zoning district.

Staff recommends approval of Case 011-21.
