Public Works - Engineering

ATTACHMENTS
CB 2026-122 Ordinance; Bid Summary, Construction Agreement

REVIEWED BY
Director of Public Works, Daniel Johnson; Director of Finance, Leslie Haase; City Attorney, Peter C. Edwards; Assistant City Manager, Tony Robyn; City Manager, Nicholas Edwards

SUMMARY
This Council Bill approves a construction agreement with APAC Central, Inc. for the milling and overlaying of streets in the amount of One Million Thirteen Thousand Five Hundred Eighty-Seven and 02/100 Dollars, ($1,013,587.02) which includes provisions for asphaltic concrete index adjustments for the construction of the Mill and Overlay 2026 Project.

BACKGROUND
City staff annually evaluates the pavement conditions of the city street system and recommends streets that need improvements. City staff determines which streets are to be resurfaced through a selection process based on traffic counts, street classifications, structural integrity, and ride quality. Streets or parking lots may be added or deleted from this list. Street resurfacing consists of a 1.5-2 inch average milling and asphalt overlay. Residential streets were not added to this year's program as there is an upcoming sidewalk project in the 2026 zone and it will allow the utility companies to complete work in the area. This area will be combined with next year's zone. $1.5 million was originally budgeted from the Transportation Sales Tax and $835,000 was budgeted from the Capital Improvement Sales Tax for this fiscal year.

City staff prepared bid documents for the project. Staff followed the City's procurement policy for advertising of said project. Bids were opened on March 19, 2026. APAC Central, Inc. was the low bidder. The bid was below the engineer's estimate. City staff will provide construction inspection services.

ITEM DESCRIPTION	ANTICIPATED COST	FUNDING SOURCE	ESTIMATED TIMELINE
Construction	$513,587.02	TST	Summer 2026
Construction	$500,000.00	CIST	Summer 2026
