Executive Summary

AP-05 Executive Summary - 91.200(c), 91.220(b)

1. Introduction

The FY 2022 Action Plan identifies projects and activities meant to address the needs and goals of the 2020-2024 Consolidated Plan. The plan guides the direction of the CDBG and HOME programs for the next fiscal year. This is the third Action Plan under the current consolidated plan.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The plan lays out a number of projects meant to address the needs identified in the most recent Consolidated Plan. These projects include:

- Neighborhood Revitalization Activities (Infrastructure Improvements, specifically sidewalks however sanitary sewer and stormwater improvements are also needed)
- Public Services Activities (HMIS funding, Coordinated Entry Program, Neighborhood Clean Up & Tool Lending library)
- Homeowner Rehabilitation
- CHDO Homebuyer New Construction
- Neighborhood Plan for East Town neighborhood
- Façade Grants – Slum & Blight removal
- Economic Development Job Creation/Retention

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The city's past programs have focused on community needs that continue to exist including aging housing and infrastructure, and neighborhood and public improvements. The programs the City has used to address these needs have been well received by residents and neighborhood organizations. Neighborhood Cleanup activities are undertake annually and the Tool Lending Library continues to operate for income qualifying residents of the City. The City of Joplin will continue to meet its identified

needs and goals through housing, infrastructure and public service projects. The Joplin HOME Consortium has continued to exceed the minimum required CHDO production for the timely expenditure of HOME funds. Production for the rehabilitation programs has been slowed due to high demand for contractors during the housing shortage, and increasing expenditures for the rehabilitation program will be a priority in the coming year.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

The participation process for developing this One Year Action Plan included:

- Two advertised public meetings in the publication of record for Jasper County, the Joplin Globe (November 18, 2021 and February 24, 2022 at Boys & Girls Club) *February 24th meeting was cancelled due to inclement weather
- East Town Neighborhood Meeting -January 25th – advertised through press release and social media coverage
- Two 30-day public comment period (November 19, 2020 - December 12, 2021 & February 25 – March 28, 2022)
- Meetings with community partners and stakeholders to discuss previous projects, community needs, and potential for additional partnerships.
- Public Hearing at the April 18, 2022 City Council Meeting; Council approved the plan via resolution at this meeting.

Attendance registers and proof of public notice are included in Attachment A.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

The entitlement program continues to receive positive feedback from organizations participating in HUD funded activities and partner organizations. Involvement in neighborhood organizations and coalitions has increased as well as neighborhood meeting attendance. Feedback from neighborhood meetings has demonstrated the need to increase the outreach during neighborhood planning to demonstrate the anticipated impact on neighborhoods while undertaking Community Development and related activities.

6. Summary of comments or views not accepted and the reasons for not accepting them

No comments received were not accepted.

7. Summary

Based on feedback received during public meetings, further public engagement will be required for continued neighborhood support as activities are implemented in the low to moderate income neighborhoods. While there is strong public support for the entitlement funded activities, highly technical projects such as the nomination of a National Register Historic District, which is part of the framework of neighborhood improvement alongside entitlement funded infrastructure improvements, require further public engagement for community development to satisfy the responsibility of public input. A second public meeting for that purpose will be scheduled in the following weeks after the submission of this plan. There has been some interest in diversifying public service or economic development activities and that can be further explored during the implementation process for activities funded CDBG-CV or HOME-ARP.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Consultation on the development of the plan began initially during coordination with the organizations involved in the 2021 neighborhood cleanup activities and further in September 2021 through discussions with current participating sub-recipients. The plan has been further developed through public meetings and public comment.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City of Joplin's Public Housing Authority is a separate entity who develops their own plans and receives their own funding. However, the City does utilize the Housing Authority as a valuable resource in developing plans and identifying at-needs populations. One such growing population in the city is the elderly. Our Housing Authority has identified this as a need area, and we will be partnering with them to develop strategies by which to remedy this and other problems. Some potential strategies have been identified as part of the recently completed 2021 Comprehensive Joplin Housing Study. City staff and Public Housing Authority staff serve on the Community Housing Resource Board to promote fair housing and to ensure regular contact and awareness of activities performed by both entities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City of Joplin assists the area's Homeless Coalition with the administration of their HMIS system through reimbursement through an annual public service grant. Furthermore, City department staff serve on the Homeless Coalition Board and committees including the Vice-Chair for the Homeless Coalition and chair of the 2021 Prioritization Committee. The City also serves as a consultant for the Coalition and will work with the Coalition to develop strategies for combating homelessness. In the development of the Consolidated Plan, we met with Homeless Coalition members to discuss the homeless needs of the area.

The City partially funds the Coordinated Entry Program, implemented by the Homeless Coalition, through Public Service Grants. The group sends monthly reports to the City of Joplin.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The City of Joplin serves as an environmental oversight body for all of the Continuum of Care Organizations Operating in our area; However the involvement over the allocation of ESG funds is limited to staff serving as chair on the prioritization committee as a member of the coalition who does not apply for ESG. However, the City does provide CDBG funds towards the reimbursement of the Homeless Coalition's HMIS use. The system allows the Coalition to identify the shortfalls in our service of homeless populations.

2. Agencies, groups, organizations and others who participated in the process and consultations

Table 2 – Agencies, groups, organizations who participated

Identify any Agency Types not consulted and provide rationale for not consulting

The City does not identify any agencies which there would be a rational for not consulting. Some agencies might not be directly listed, but only due to their participation being achieved through program administration of other organizations and coalitions. For example, Jasper County is not listed as an agency consulted but Economic Security Corporation operates the Jasper County Public Housing Authority and Unincorporated Jasper County is a member of the Joplin HOME Consortium, and therefore is consulted through other means.

Narrative

The City of Joplin Engineering department is responsible for floodplain management with the Director of Engineering being the designated floodplain manager. Currently the department has completed a multi-year flood plain FIRM update in coordination with MO DNR and has identified eight flood control projects to be completed in the next 10 years.

Further the Emergency Management Department of the City of Joplin is responsible for response and resiliency to disasters. Feedback and regional consultation is regularly conducted through partnerships and committees such and the Local Emergency Planning Committee, the Jasper/Newton County Emergency Healthcare Coalition, the Community Organizations Active in Disaster Coalition, and the Four Corners Emergency management group form all four states in this region. Public education and training are provided by the department to improve local resiliency to disasters and are regularly located in LMI areas. https://www.joplinmo.org/221/Plan-Prepare

AP-12 Participation - 91.401, 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Currently the City of Joplin solicits feedback from the public in accordance with the Citizen Participation plan including two public meetings, two comment periods, Council meetings, newspaper adds and internet outreach. Further stakeholder engagement is held with discussion with current participant and subrecipients in the program reviewing program performance. Community Development activities funded by Housing and Urban Development are also included in the framework for discussion for any activities taking place in target areas identified in current action plans. For example, Historic Preservation efforts such as nomination of National Register Districts in LMI neighborhoods involve public engagement with respect to ongoing Community Development efforts and not solely those related to Historic Preservation.

The pandemic identified a weakness in the public participation process for the City. In person meetings at times were unable to be held or had low attendance. The City hopes to include in a future adopted budget, licensing for on online platform to receive public feedback for ongoing City programs, whether they be related to Community Development or other departments.

Expected Resources

AP-15 Expected Resources - 91.420(b), 91.220(c)(1,2)

Introduction

Currently the City receives annual entitlement funds, both CDBG & HOME, has some remaining Disaster Recovery funds, has CDBG-CV funds and has received and allocation of HOME-ARP funds. Further, the City has recently passed a Use Tax which some are anticipated to be spent on Community Development & Neighborhood related programs, however, the City is still in a prioritization process to determine the allocation of revenue generated by the new tax, and these funds will not be included in the plan at this

time.

Table 2 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The recently completed Joplin Comprehensive Housing Study identified potential avenues to increase the funds leveraged. Currently there are existing financing options through State agencies such as MHDC that are not currently utilized at a high rate. Such financing could be utilized if lenders and homebuyers are made more aware of their availability. The City intends to encourage use of private financing with HOME funds in the mix to increase the provision of affordable housing. More program options in offering CHDO homebuyer assistance, in addition to subsidizing construction, can help incentivize homebuilders to adjust to program changes and help difficult to qualify homebuyers. Partial subsidy of construction and homebuyer assistance will spare more funds for other projects, while simultaneously improving a significant difficulty of program participants by qualifying homebuyers. The Community Development office is also working to clean title on County owned lots to assist in the provision of buildable lots for affordable housing developers.

Following the Joplin Tornado, there was a large amount of non-federal assistance in the form of donated dollars to area housing non-profits. Non-profits that work with the Joplin HOME program used these dollars produce a number of HOME eligible projects that were claimed as

HOME match. Currently the City of Joplin has a large match credit balance of over $1.6 million. The City continues to earn a limited amount of HOME match through waived permits and parts of HOME projects that are not Federally funded, but relies on match credit to ensure that the program meets match requirements. HOME match was again waived following the pandemic and has allowed the HOME match balance to grow once again. Further potential for HOME match will occur if income eligible rehabilitation and homebuyer programs are funded using the recently passed Use Tax, however, no programs have been selected at the time of this plan being written.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City has been declaring surplus a number of publicly owned buildable lots. A number of them have been acquired by affordable housing providers. There are many City lots located in target areas for community development. Community development is currently funding cleaning titles of a limited number of lots, and the City has identified cleaning titles and declaring them surplus as part of City Action Plans independently of Community Development. The City is also coordinating with the County to convey lots in the County Trust to affordable housing providers.

Discussion

Using the City's annual allocations over the course of the next year, the City's goal will be to develop and revitalize the low-moderate income areas of the community. The primary area of focus for the Action Plan reporting period is the East Town Neighborhood.

The City of Joplin HOME program largely benefits the Low/Moderate and low-income household. Extremely low-income household are difficult to quality for homeownership and very few if any of the homeowner rehab applicants fall into the extremely low-income category. When an extremely low-income household applies to the homeowner rehab program, they are prioritized based on need. Most extremely low-income household benefit is achieved through the CDBG public service activities, specifically homelessness prevention. In an average year, approximately 200 households are served through coordinated entry and through the Housing Connect program are sheltered or permanently housed.

Table 3 – Goals Summary

Goal Descriptions

1	**Goal Name**	Provide Safe, decent affordable housing
	Goal Description	New Construction and rehabilitation projects to be completed through coordination with local non-profit organizations such as Habitat for Humanity and Economic Security Corporation in the East Town Neighborhood, a Low-Mod area. Due to the low property values of the area and low area median income, homeownership is difficult to qualify for any but low-income households. If the goal of 6 new home owner households to benefit, it is likely that 5 will be low/moderate income and hopefully at least one be a low-income household.
2	**Goal Name**	Improve infrastructure and Encourage economic Dev
	Goal Description	Providing for the repair and rehabilitation of infrastructure in the East Town Neighborhood. These infrastructure projects will seek to add sidewalks, improve road conditions, and repair and add sanitary sewer systems. Furthermore, there is a planned economic development activity this action plan to create/retain jobs.
3	**Goal Name**	Improve livelihood through Public Service Activity
	Goal Description	Assisting the goals of the Homeless Coalition with the purpose of reducing homelessness though reimbursement for the use of their HMIS system and opening dialogues through reimbursement of the Community Housing Resource Board. In addition, funding will be provided to the Homeless Coalition for the Continuance of their Coordinated Entry Program and neighborhood clean-up will receive an allocation to maintain that activity.

AP-35 Projects - 91.420, 91.220(d)

Introduction

Allocation priorities were made on the basis of public input, strategic plan needs and goals, and previous project funding and successes. The allocation is based around the increasing demands for affordable housing and infrastructure improvements in the Joplin area. Affordable housing demand has only grown in the time of the current 2020 – 2024 Consolidated Plan. In this Action Plan public service activities are prioritized by need and the number of organizations benefiting from a single activity.

Disaster Recovery has closed the second tranche of funding received. The first grant will remain open to continue to fund the Smarter Joplin smart cities program that has recently completed a high speed internet gap analysis and identified significant shortfalls to residential high-speed internet access in much of the City.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The Coordinated Entry program continues to assist the Homeless Coalition provide services to current needs.. Funding will remain at current levels while the observed increase in demand of services is observed. Neighborhood feedback has continued to be in support of neighborhood infrastructure improvements specifically sidewalks north of Broadway in the neighborhood of East Town. HOME funds have been allocated based on past performance and production has increased significantly as a form homebuyer new construction, however a shortage of contractors has slowed program delivery of homeowner rehab programs. Lack of funding is the most significant obstacle to serving underserved needs.

AP-50 Geographic Distribution - 91.420, 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City has a few census tracts that are identified as to having 51% Low-Moderate Income households. These census tracts are 101, 106, 108, and 110 have been the traditional LMI tract in the City, however, the 106 Census tract has since been reclassified since the 2020 Census. Public improvements for FY 2022 will be concentrated in tract 101, more specifically in the East Town neighborhood. Additionally, HOME projects will be located within the Consortia area with hopes to serve unserved Consortium members.

Geographic Distribution

Target Area	Percentage of Funds

Census Tract 101	**70**
Citywide	**15**

Table 5 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

By concentrating a large portion of our funds on a specific area, we can make a more profound impact. East Town is an area that has been identified as high need by city staff and residents who currently reside in the area. It is also a very large neighborhood and has been a multi-year effort to improve the neighborhood Infrastructure.

Discussion

The City of Joplin's target areas are those areas of the City that are generally considered to be low-income or difficult to develop. The City is also coordinating the efforts of area non-profits in the same target area both in terms of housing and services. Non-entitlement funded community projects, including historic preservation activities, are underway and are meant to stabilize the target area on a long-term horizon. Further opportunity will be available for the target areas contingent on the Use Tax funded activities that are selected for implementation, especially the neighborhood and hosing related programs.

Affordable Housing

AP-55 Affordable Housing - 91.420, 91.220(g)

Introduction

The recently completed Comprehensive Housing Study identified the need for the Consortium to at minimum maintain the level of affordable housing., especially Joplin as the micropolitan center. Demand has only grown since the pandemic and the currently housing shortage.

Table 7 - One Year Goals for Affordable Housing by Support Type

Discussion

The yearly goal for the City of Joplin is to be able to provide housing assistance to as many families as possible. Through the construction of new and rehabilitation of old housing inventory, we hope to further affordable housing for citizens.

AP-60 Public Housing - 91.420, 91.220(h)

Introduction

The Joplin Public Housing Authority currently manages 168 public housing units and oversees 435 Section 8 Vouchers. The Housing Authority upkeeps their units to an exceptional standard and ensures Section 8 landlord's compliance. The City of Joplin does not directly oversee or manage the Housing Authority.

Actions planned during the next year to address the needs to public housing

The Joplin Public Housing Authority has identified the following goals during the upcoming year: expand the supply of affordable housing; reduce public housing vacancies; leverage private or other public funds to create additional housing opportunities; improve the quality of affordable housing; increase customer satisfaction; conduct outreach efforts to potential voucher landlords; continue to implement voucher homeownership program; promotion of self-sufficiency of residents. Further, the PHA is currently in the process of implementing a Rental Assistance Demonstration to create greater flexibility and cost efficiency in program delivery.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

First, the Housing Authority of Joplin regularly has resident representation on the governing Board. One of the major goals of the housing authority is the promotion of self-sufficiency for their residents. While there are no formal programs for home ownership or assistance within the housing authority, residents do have resources available to them through the City or other area non-profits. The Housing Authority and the Community Development division hope to refer one to two Housing Authority residents to become homeowners through CHDO activities within the next reporting period. This intention to provide CR homebuyer assistance as part of CHDO activity underwriting should help qualify least-well off public housing residents that are determined to be good candidates for homeownership. The One Joplin Coalition is currently piloting a landlord/tenant education program. The Public Housing Authority has been invited to refer tenants to training.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Housing Authority is not designated as troubled.

Discussion

The Joplin Public Housing Authority Director meets quarterly with the Community Development Office to inform both organization on ongoing operations. This is achieved through both the Community

Development Planner and the Public Housing Director serving on the Community Housing Resource Board.

AP-65 Homeless and Other Special Needs Activities - 91.420, 91.220(i)

Introduction

The Homeless Coalition has been making improvements to permanently house the homeless and address special needs annually. The number assisted has increased, however the last point-in-time count has shown an increase in the unsheltered. Upon completion of follow-up survey, the coalition found that an unusual number of homeless are not from the area as compared to previous years.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Homeless Coalition, which is composed of Joplin area homeless shelter providers, requested funds through the public service grant process to provide assistance with the maintenance of the Homeless Management Information System (HMIS). The system is required by HUD to receive ESG assistance. Through use of the system, the coalition was successful in obtaining funding from ESG program in the previous years. The subcommittee decided that due to the importance of this system, it should be funded on an annual basis, rather than making the coalition re-apply through the public service competition each year. The Coordinated Entry Program is the point of contact with the homeless in assessing need. Due to the importance of this service, the program is also to be funded annually.

The Homeless Coalition provided the following information regarding their services:

Prevention

Emergency Shelter

Transitional Housing

Rapid Re-Housing

Permanent Subsidized Supportive Housing

Permeant Housing – Rental and Homeownership

Coordinated Entry assesses homeless need and refers homeless or at risk homeless to appropriate service providers.

Notes: The Homeless Coalition's outreach efforts will include a variety of strategies to reach people who are living unsheltered. One method will be to host two Project Homeless Connect events per year.

(January and July) The events will be advertised through local social service agencies and meal sites. They are set up as a one stop shop event offering information, resources, giveaways, and services on site. All people attending Project Homeless Connect events will be surveyed. The survey collects information about length of homelessness, reasons for homelessness, and tracks a number of indicators.

Outreach also happens once per year when the Point-In-Time count is conducted. (January) Teams of volunteers divide up the communities and known locations in search of people living unsheltered. Volunteers survey people they encounter and offer resource information.

Addressing the emergency shelter and transitional housing needs of homeless persons

As part of the Continuum of Care the Homeless Coalition regularly analyses gaps in homeless need and services. One area needing increased level of service is emergency shelter and transitional housing. To that end Watered Gardens (Coalition Shelter) is establishing a new facility in the former Washington Elementary School for women with children.

The current emergency shelter providers are:

Restoration Life, Souls Harbor, Watered Gardens, Carthage Crisis Center

The current transitional housing providers are:

The H.O.U.S.E. Inc., Economic Security Corporation, Lafayette House, Carthage Crisis Center

Homeless persons receive referral to providers through Coordinated Entry.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As part of the established Continuum of Care, the Homeless Coalition employs a Point in Time count, and a Housing Inventory Count to specially identify and house/shelter the chronically homeless, families with children, veterans and unaccompanied youth. Veterans, families with children and unaccompanied youth are tracked monthly and prioritized.

The Homeless Coalition established committees to address chronically homeless, families with

children, veterans and unaccompanied youth:

- Services for Homeless Veterans
- Monitoring Committee
- Prioritization Committee

Economic Security Corporation also operates the Chronically Homeless Program as part of the Permeant Subsidized Supportive Service implementation of the Homeless Coalition.

Notes: The Homeless Coalition maintains a Coordinated Entry process abiding by **Policy 5.00 Order of Priority for Permanent Supportive Housing Projects** which outlines how persons experiencing homelessness will be prioritized for housing services in our community. The policy states that the most vulnerable will be prioritized first which would include the chronically homeless.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Coalition Members and area service providers refer at risk of homelessness households to Coordinated Entry. Area service providers include non-profit thrift stores, local hospitals, MO Career Center, Veterans Affairs, the Joplin Health Department and Community Development Office, Preferred Family Healthcare providers and Legal Aid of Western Missouri.

Current homeless prevention service providers include Catholic Charities, Economic Security Corporation, Legal Aid, Bright School District, Futures, Children's Haven, Lafayette House, the Salvation Army and Crosslines.

Legal Aid is instrumental in providing legal services to prevent homelessness due to eviction. This role has been greatly increased in the last year due to the pandemic and pending evictions once the moratorium is no longer in affect.

Discussion

The Homeless Coalition has made great strides in their services and programming since the implementation of the Housing Connect Program. The Coalition has better input from Coalition members and the community at large. In their partnership with the City and area service providers, particular focus will be placed on prevention activities. Specifically, through an existing coalition of area non-profits known as One Joplin, the City will work with area non-profit and for-profit service providers

to ensure that persons are not discharged or released into vulnerable situations. Potential partners include the Housing Authority, Freeman Hospital, Mercy Hospital, and Ozark Center.

Non-housing, special needs populations are at the most risk of becoming homeless. In the upcoming year, the City will provide funding towards the Homeless Coalition's HMIS and Coordinated Entry Programs. Coordinated Entry will help those who are risk of becoming homeless be diverted into stable housing or referred to proper service providers.

AP-75 Barriers to affordable housing -91.420, 91.220(j)

Introduction

The Continuum of Care reports a shortage of one bedroom or single occupant rentals. Further, many providers that do provide affordable units might not provide accessible units. The largest supplier of accessible units in the area is the PHA and the waitlist is often highly populated by those with a disability requiring an accessible unit.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

The City has made some progress on objectives laid out in its Analysis of Impediments to Fair Housing. Recently the City has begun work on creating a Tenant Bill of Rights ordinance. In addition, the City will soon be adopting the recently updated zoning code to be more in line with the 2012 Comprehensive Plan, allow for greater flexibility in housing choice and minimum requirements. Code updates will be addressing setback, minimum lot size and minimum housing footprint requirements of the existing code to increase affordable housing supply in older affordable neighborhoods, where old recorded lots make new construction difficult to comply with current code. The Joplin Public Housing Authority has had increasing difficulty in landlords accepting housing choice vouchers as had all hosing providers since the housing shortage. Some of the potential City Action plans funded by the Use Tax might be able assist in the quality of housing stock and a Housing Summit is planned in May 2022 for industry stakeholders to address plans to served identified needs as a result of the recently completed 2021 Comprehensive Housing Study.

Discussion

HOME funded activities have, particularly CHDO activities, have made great improvement in modifying building plans to create accessible units including, slab on grade foundations and budgeting for on site alterations prior to move in for applicants that require accommodation.

AP-85 Other Actions - 91.420, 91.220(k)

Introduction

The City is currently conducting a prioritization process for a number of action plans to address neighborhood needs, neighborhood revitalization, housing and homelessness.

Actions planned to address obstacles to meeting underserved needs

FY2022 activities that will address underserved needs of the community will consist of the following Public Service activities. The City of Joplin will help assist with homeless needs (HMIS Reimbursement and Coordinated Entry Program).

Actions planned to foster and maintain affordable housing

The housing activities described earlier (homeowner rehabilitation and CHDO activities) will all foster and maintain affordable housing in the area for a total of approximately 8 affordable units assisted. Furthermore, the City is proactively fostering the use of affordable housing tools to increase the productivity of affordable housing providers. Cleaning title on County owned lots will begin a small land bank for affordable housing. Through collaboration with the One Joplin Coalition the City and One Joplin have launched a landlord/tenant education program funded by a grant from the Missouri Foundation for Health. This is intended to decrease the number of evictions in affordable rentals in the city due to better rental practices.

Actions planned to reduce lead-based paint hazards

Lead testing is required for rehabilitation programs. Participating organizations will follow current HUD lead-based paint regulations. In addition, every six months, Economic Security Corporation randomly audits one of its projects to verify compliance. A copy of the City's current Lead-Based Paint policies is included in the plan appendices.

Actions planned to reduce the number of poverty-level families

The City is currently evaluating possible future economic development activities under the current consolidated plan. The City of Joplin, through support of the Coordinated Entry Program, hopes to increase job placement of those at risk of homelessness and eventually out of poverty. Further, the provision of affordable housing will alleviate those low-income families effectively living in poverty due to housing cost burden.

Actions planned to develop institutional structure

The City has expanded involvement with One Joplin, a coalition of non-profits within the City. One Joplin is increasing collaboration and beginning to conceive of low-income and poverty focused projects, both

in services and housing. Partnership with this group will help with outreach and programming and allow for excellent delivery of services despite decreasing funding. City staff has representation to the One Joplin steering team and the Community Development Planner is on the One Joplin Poverty Team, and the City staff representative Housing Sub-Committee. The One Joplin Poverty Team Housing Sub-Committee is nearing the end of a planning phase for an affordable micro-home design program, and rental rehabilitation program. This year One Joplin has launched a landlord/tenant education program with the goal of leading to housing policy updates in the future.

Actions planned to enhance coordination between public and private housing and social service agencies

One Joplin is the local coalition of 40 non-profits and a total of 70 organizations. Each organization sends representatives to the facilitating teams of Health, Human Services, Poverty, Literacy, and Transportation relevant to their organizational mission. The City Manager sits on the steering team of One Joplin. The Joplin Community Development Planner co-chair on the Poverty Team and sits on the Housing Sub-Committee. The City will continue its partnership with ESC and Habitat for Humanity as CHDO's using HOME funds.

Discussion

As mentioned in other sections in this plan, the voters recently approved a Use Tax as Proposition Action. As part of this, a large number of City funded activities will potentially be added to the resources available to Community Development activities related to Housing, Homelessness, neighborhood services and neighborhood revitalization once the prioritization process is completed and final projects selected.

Program Specific Requirements

AP-90 Program Specific Requirements - 91.420, 91.220(l)(1,2,4)

Introduction

Community Development Block Grant Program (CDBG)
Reference 24 CFR 91.220(l)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan.	0
5. The amount of income from float-funded activities	0
Total Program Income	

Other CDBG Requirements

1. The amount of urgent need activities	0

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

   The City through sub-recipients offers HOME funds for owner-occupied rehabilitation on a forgivable loan basis and offers homebuyer's subsidies to allow affordable homes to low- and moderate-income homebuyers through the CHDO activity. Homebuyer assistance through CHDO's are offered through the CHDO and do not exceed the 10% threshold for HOME investment.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

   The CITY shall have the right to review and audit all records of any DEVELOPER pertaining to any

payment by the CITY. Said records shall be maintained for a period of five years after the project completion date. Except, for documents imposing Resale/Recapture restrictions which must be retained for Five years after the affordability period terminates [92.508 (c)(2)].

The HOME-assisted housing must meet the affordability requirements for not less than the applicable period specified in the following table, beginning after project completion.[92.254 (a)(4)].

The DEVELOPER shall assure that any NOTES and MORTGAGES recorded for homebuyers shall be in compliance with 24 CFR 92.254 and that the DEVELOPER will monitor each unit for principal residency (under 92.254(a)(3)) and resale/recapture (under 92.254 (a)(4) – (5)).

A copy of the City's current Deed Restriction and Covenant is found in the Appendices of this Plan

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

   The owner-occupied rehabilitation activity through ESC imposes a five-year affordability period on all rehabilitations. The affordability period is record as a Deed Restriction and is forgiven after 3 years, if all program requirements are met. Any funds that may be returned will be treated as program income.

   The PJ has structured the CHDO's and Joplin Area Habitat for Humanity's recapture provisions based on the amount of HOME assistance that enables the homebuyer to purchase the unit. The period of affordability will be based upon the total amount of HOME funds subject to recapture [CFR 24 92.254(a)(5)(ii)]. The following chart outlines the funding limits and period of affordability.

   When the recapture requirement is triggered by a sale (voluntary or involuntary) of the housing unit, the amount recaptured cannot exceed the net proceeds, if any. The net proceeds are the sales price minus superior loan repayment (other than HOME funds) and any closing costs [CFR 24 92.254(a)(5)(ii)(A)]. The program will use a deed restriction to enforce the recapture provisions.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

   The City currently has no plans to use HOME funds for such refinancing.

PUBLIC NOTICE
City of Joplin Planning, Development and Neighborhood Services
602 S Main St, Joplin, MO 64801 417-624-0820

The City of Joplin is developing a one year Action Plan (PY 2022) for submission to the U.S. Department of Housing Urban Development (HUD). The Community Development Block Grant (CDBG) Program and the Home Investment Partnerships (HOME) Program set forth four (4) basic goals to developing viable urban communities: 1) providing decent housing, 2) providing a suitable living environment and 3) expanding economic opportunities, primarily for low and moderate income persons 4) alleviate blighted conditions.

The estimated amount of CDBG funds to be received for fiscal year 2022 is $592,949.00. The estimated amount of HOME fund to be received for fiscal year 2021 is $501,439.00. All dollar amounts are contingent upon confirmation from HUD. The City of Joplin is an entitlement city for the CDBG program and a participating jurisdiction in the HOME program. CDBG and HOME funding must primary be used for activities that benefit low and moderate income persons.

A public meeting will be held on Thursday November 18, 2020, 5:00 p.m., in the 5th Floor Council Chambers located in City Hall at 602 South Main Street. The purpose of this meeting will be to discuss and provide an opportunity to comment on proposed activities, program performance and obtain views of citizens on housing, non-housing and community development needs for the development of the one-year Action Plan.

The Public is encouraged to submit comments regarding previously funded CDBG activities. Any individual, group or agency is encouraged to submit written comments on the draft FY2022 Action Plan and previous program performance. The public comment period will begin on Friday, November 19th and end on Monday, December 12th. Any comments received during this period will be considered by the City of Joplin prior to authorizing a submission for request of release of funds. Comments should be sent to the planning and community development office listed above or to Thomas Walters at twalters@joplinmo.org. Copies of the draft FY2022 Action Plan will be available at the public meeting or during the comment period (upon request). All plans can be reviewed on the 4th Floor of Joplin City Hall at 602 S. SUBJECT: Public meeting set for January 25 to discuss East Town Historic Nomination process

CONTACT: Lynn Iliff Onstot, Public Information Officer
417-624-0820, ext. 1204

The Historic Preservation Commission is working to complete the National Register Nomination of the Broadway District in the neighborhood of East Town.

A public meeting to discuss the nomination process and its significance will be held at 6 p.m. on Tuesday, January 25.at Bookhouse Cinema, 715 E. Broadway Avenue. Representatives with the consultant Owen & Eastlake, Ltd. will facilitate the meeting to address the significance and the process being followed as they work on the nomination.

This will be the first of two public meetings for the project. The second meeting will be scheduled following the completion of the nomination but prior to the presentation to the Missouri Advisory Council on Historic Preservation which is scheduled on July 15, 2022.

The creation of a district recognizes the significance and history of the area to its community, preserves and archives the generated research, and opens the potential of resources made available to the properties within the district for the rehabilitation and preservation of said properties.
