SUMMARY
This Resolution authorizes the City to enter into an American Rescue Plan Act (ARPA) Subrecipient Agreement with Jasper County for the purchase of the MOSWIN System.

BACKGROUND
The MOSWIN system is the Missouri Statewide Interoperability Network system. This system will allow the Police Department to communicate by radio to public safety agencies across the State. In order for this system to work, the City must have compatible radios, as well as purchase the MOSWIN system. The City has invested just over $1 million for radios and is in the third of four phases to upgrade portable and handheld radios that are MOSWIN compatible.

The MOSWIN System will cost $637,048.00. The City is applying to Jasper County to reimburse 100% of this cost through American Rescue Plan Act (ARPA) funds. Jasper County requires the City to submit a Subrecipient Agreement for this purchase. The price for the MOSWIN system is only good through May 28, 2023.
