Public Service Grant Application

Required Narratives

Narratives must be provided in order to determine eligibility. Briefly, yet descriptively, complete the following narrative questions. Use a separate piece of paper, if not completing this form digitally. Provide all required attachments with the completed application.

1. Describe the non-for-profit applying for grant funds.

The Southwest Missouri Community Alliance, dba The Alliance of Southwest Missouri, exists to advance the well-being of kids and the grownups in their lives. The Alliance does this by championing critical issues, aligning leaders, and delivering solutions where needed most in Jasper, Newton, Barton, and McDonald Counties. The Alliance is headquartered in Joplin, MO. Established in 1998, the Alliance is one of 20 Community Partnerships in Missouri established by the Family and Community Trust, which works to build safer and healthier communities by offering education and resources for children and their families. Much of the work supported by the Alliance is in service of prevention, safety, and education. We facilitate collaborative efforts to build strong families and strong communities.

The Alliance provides multifaceted safety education to children and youth and is home to community prevention programs, including Safe Kids, Early Childhood education support, DYS Youth Mentoring, parenting classes, Building Bridges, the Missouri Reentry Program, community coalitions, and more. These programs exist to help youth and families make safer choices and create safer environments.

2. Describe the public service selected on the project type selected on the previous page.

The Alliance of Southwest Missouri serves abused and neglected children in the community through Child Parent Relationship Training (CPRT). This is a 10-week research-based parenting course designed to build stronger and healthier families in order to prevent family violence and behavioral discord. This past year 66 parents have attended CPRT classes, with 47 graduates. Through this program, the Alliance provides low-income families the opportunity to thrive.

3. Describe the Limited Clientele population in accordance with 24 CFR 570.208(a)(2) for which service is provided.

Taught by a licensed counselor, CPRT works with parents to better understand their children. Topics covered include regaining control as a parent, helping your child develop self-control, effectively disciplining and limiting inappropriate behavior, understanding your child's emotional needs, and communicating more effectively as a family. CPRT requires proof of income to ensure that it primarily serves low-income families.

4. How will the grant funds be used to improve services?

Grant funds will allow the Alliance to provide rolling tables and chairs for the provided CPRT

meeting space. The mobility of these tables and chairs allows for social distancing, improving our services by equipping our organization to prevent the spread of Covid, and making our CPRT class safer for staff and participants.

5. How will the use of grant funds be used to respond to the Covid-19 pandemic?

Procuring mobile chairs and tables to replace stationary furniture allows the Alliance to provide CPRT classes while social distancing to prevent the spread of Covid-19. According to Space and Social Distancing in Managing and Preventing COVID-19 Community Spread: An Overview (2/23/23), published by the National Institutes of Health (NIH), social distancing "is considered the fundamental approach to prevent people from directly contacting the potential source of pathogens and remains the most effective one not only for the SARS-CoV-2 virus but also all other aerobic transmissive diseases." The article goes on to state that social distancing, among all other prevention strategies, "is the simplest, the most cost-effective, and works the fastest to obtain expected outcomes from the history of combating aerobic transmissive diseases in epidemiology experiences."

6. Provide the most recent financial statement for your corporation.

7. Provide itemizations of requested procured equipment and supplies.

Public Service Grant Application

Required Narratives

Narratives must be provided in order to determine eligibility. Briefly, yet descriptively, complete the following narrative questions. Use a separate piece of paper, if not completing this form digitally. Provide all required attachments with the completed application.

1. Describe the non-for-profit applying for grant funds.

The Southwest Missouri Community Alliance, dba The Alliance of Southwest Missouri, exists to advance the well-being of kids and the grownups in their lives. The Alliance does this by championing critical issues, aligning leaders, and delivering solutions where needed most in Jasper, Newton, Barton, and McDonald Counties. The Alliance is headquartered in Joplin, MO. Established in 1998, the Alliance is one of 20 Community Partnerships in Missouri established by the Family and Community Trust, which works to build safer and healthier communities by offering education and resources for children and their families. Much of the work supported by the Alliance is in service of prevention, safety, and education. We facilitate collaborative efforts to build strong families and strong communities.

The Alliance provides multifaceted safety education to children and youth and is home to community prevention programs, including Safe Kids, Early Childhood education support, DYS Youth Mentoring, parenting classes, Building Bridges, the Missouri Reentry Program, community coalitions, and more. These programs exist to help youth and families make safer choices and create safer environments.

2. Describe the public service selected on the project type selected on the previous page.

The Alliance of Southwest Missouri serves abused and neglected children in the community through Child Parent Relationship Training (CPRT). This is a 10-week research-based parenting course designed to build stronger and healthier families in order to prevent family violence and behavioral discord. This past year 66 parents have attended CPRT classes, with 47 graduates. Through this program, the Alliance provides low-income families the opportunity to thrive.

3. Describe the Limited Clientele population in accordance with 24 CFR 570.208(a)(2) for which service is provided.

Taught by a licensed counselor, CPRT works with parents to better understand their children. Topics covered include regaining control as a parent, helping your child develop self-control, effectively disciplining and limiting inappropriate behavior, understanding your child's emotional needs, and communicating more effectively as a family. CPRT requires proof of income to ensure that it primarily serves low-income families.

4. How will the grant funds be used to improve services?

Grant funds will allow the Alliance to provide rolling tables and chairs for the provided CPRT

meeting space. The mobility of these tables and chairs allows for social distancing, improving our services by equipping our organization to prevent the spread of Covid, and making our CPRT class safer for staff and participants.

5. How will the use of grant funds be used to respond to the Covid-19 pandemic?

Procuring an outdoor projector screen, sound system, and picnic tables for a CPRT outdoor meeting space at 1901 S Pearl Ave allows for social distancing in fresh air equipping our organization to prevent the spread of Covid and making our CPRT class safer for staff and participants. Videos are utilized so that participants in our CPRT class are able to watch demonstrations that properly portray skills and techniques utilized in play therapy. According to Space and Social Distancing in Managing and Preventing COVID-19 Community Spread: An Overview (2/23/23), published by the National Institutes of Health (NIH), social distancing "is considered the fundamental approach to prevent people from directly contacting the potential source of pathogens and remains the most effective one not only for the SARS-CoV-2 virus but also all other aerobic transmissive diseases." The article goes on to state that social distancing, among all other prevention strategies, "is the simplest, the most cost-effective, and works the fastest to obtain expected outcomes from the history of combating aerobic transmissive diseases in epidemiology experiences." When CPRT classes are held in such a way to prevent the spread of Covid, abused and neglected children can participate for the duration of the program, whereas without these healthful measures being put into place, participants could miss out on weeks of the program due to illness.
