Resolution No. 2024-004;

REVIEWED BY
Finance Director: Leslie Haase; City Attorney: Peter Edwards; City Manager: Nick Edwards

SUMMARY
This Resolution appoints new members to the Finance Committee and establishes and annual task of reporting on the annual financial audit.

BACKGROUND
The Finance Committee was formed in 2013 by the City Council to periodically, and independently, review items or plans that have significant financial implications to the City in order to build trust and confidence in decision making. The Committee is appointed by the Council and can only be "charged" or assigned by the City Council.

The purpose of this resolution is to appoint new members to the Committee and establish an annual charge, or assignment, to review the City's annual audit, and help communicate publicly the audits findings and impacts.

The Finance Committee will meet on an as needed basis and will follow the Sunshine policy for public meetings. City staff assists the Committee with assignments on an as needed basis.

RECOMMENDATION
Staff recommends approval of this resolution.
