SUMMARY
This Council Bill approves an agreement by and between the City of Joplin and Crawford, Murphy & Tilly (CMT) in the not to exceed amount of One Hundred Seventy-Nine Thousand One Hundred Eighty-Six Dollars and 03/100 ($179,186.03) for construction management services for reconstructing the North Perimeter Road at the Joplin Regional Airport.

BACKGROUND
The Airport currently has a Consulting Agreement with CMT. As part of this existing agreement, they are to submit the costs for and perform any construction management services for airport construction projects. This project involves constructing the north perimeter road on the west side of Runway 18-36. This will allow paved access from the ARFF (Aircraft Rescue and Fire Fighting) and SRE (Snow Removal Equipment) Facility to the terminal apron. This will reduce the need for vehicles to cross active airfield pavement, increasing safety for airport operations.

This is a summary of the anticipated total expenditures for this project:

ITEM DESCRIPTION	ANTICIPATED/ ACTUAL COST	FUNDING SOURCE	ESTIMATED TIMELINE
Design of North Perimeter Road	$157,167.37	95% / 5% (Grant Funded/Airport Fund)	Complete
Construction	$1,209,187.74	95% / 5% Grant Funded/Airport Fund)	November 2026

Construction Management Services	$179,186.03	95% / 5% Grant Funded/Airport Fund)	November 2026
Grand Total	$1,545,541.14		

FUNDING SOURCE

The current cost of $179,186.03 is grant funded through the Federal Aviation Administration (FAA) at 95%/5%, but was not included in the fiscal year 2026 Airport Budget. The 2026 Airport Budget is being amended for this current cost. There are sufficient available funds in the Airport Fund.

RECOMMENDATION

Staff recommends approval of Council Bill 2026-132, an agreement with Crawford, Murphy & Tilly for construction management services of the North Perimeter Road Reconstruction at the Joplin Regional Airport in the amount of One Hundred Seventy-Nine Thousand One Hundred Eighty-Six Dollars and 03/100 ($179,186.03), in that said ordinance provides for public improvements, on first reading.
