SUMMARY
This Council Bill approves dental insurance coverage for city employees effective on January 1, 2021.

BACKGROUND
In February, the City issued an RFP, through our insurance consultant Segal, for employee insurance benefits including health, dental, vision, life, and long-term disability coverage. Bids were received in March. Segal assessed the bid results and presented the best overall recommendations at a recent council meeting. Council approved the recommendations in order to finalize contracts for formal approval. Vendors are selected for a five-year period beginning on January 1, 2021. Within the five-year timeframe, contracts are updated depending upon the length of the rate guarantees. Benefits remain the same during this five-year period.

Delta Dental is the recommended vendor for dental insurance coverage. Currently, the annual cost to the City is $325,100.00. Delta Dental bid an annual cost to the City of $303,000.00, The provisions of this insurance coverage are the same as the current benefit. This is a projected annual savings of $22,100.00. Delta Dental bid a two-year rate guarantee, so there will be no increase for 2021 through 2022.
