REVIEWED BY
Director of Public Works, Daniel Johnson; Director of Finance, Leslie Haase; City Attorney, Peter C. Edwards; Assistant City Manager, Tony Robyn; City Manager, Nicholas Edwards

SUMMARY
This Council Bill approves a construction agreement with Microsurfacing Contractors LLC in the amount of One Million Two Hundred Thirteen Thousand One Hundred Fifty-Four and 04/100 dollars ($1,213,154.04) for the Microsurfacing 2025 project.

BACKGROUND
As a part of the annual street maintenance program, the City provides preventative maintenance on asphalt streets on a seven-year cycle. The Street Slurry Seal projects have been a major part of this seven-year preventive maintenance program since 1982. In 2004, staff chose to use Microsurfacing over the Type II Slurry Seal used in the past. Microsurfacing sets up more quickly and is more durable, allowing roads to be opened to the public in a shorter time frame.

City staff prepared bid documents for the project. Staff followed the City's procurement policy for advertising of said project. Bids were opened on June 30, 2025. Microsurfacing Contractors LLC was the low bidder, and the bid was below the Engineer's estimate. Construction inspection services will be provided by city staff.

FUNDING SOURCE
This is included in the FY 2025 Budget in the Transportation Sales Tax Fund.

RECOMMENDATION
Staff recommend approval of this Council Bill on first reading.
