Joplin
Little League
Fields
at
Landreth Park

- Volunteers are the heart and soul for Little League organizations. However, like many not-for-profit organizations, there has been a decrease in the availability for people to volunteer.

- In 2024, Joplin Little League moved their Farm League (7-10 yr. olds) games to the Gene Bassman Softball Complex at the Joplin Athletic Complex. City staff preps fields for play.

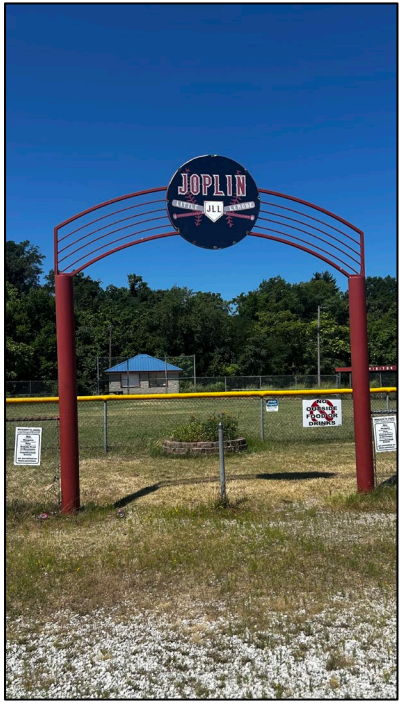

- Due to the lack of being maintain on a regular basis, the condition of this facility has deteriorated rapidly.

- Other factors for condition include flooding from Joplin Creek (flood way) and constant vandalism to amenities.

- City staff met with Joplin Little League President and developed plan for removal of facility and future Little League needs.

Honoring
Little League
&
Volunteers

During removal, department will carefully remove Little League entryway.

Entryway will be refurbished and installed within the Gene Bassman Softball Complex to honor Joplin Little League and all the volunteers that worked so many hours during the years at the Little League North Fields.
