Narratives

Disaster Damage:

On Sunday, May 22, 2011, a catastrophic (EF-5) tornado struck the City of Joplin, Jasper County, and Newton County in southwest Missouri in the late afternoon. With winds in excess of 200 miles per hour (mph), the ¾-mile-wide tornado cut a 6-mile path of destruction through central Joplin. The tornado caused 161 fatalities and approximately 1,371 injuries as of May 27, 2011, making it the single deadliest U.S. tornado since 1947. Thousands of structures were destroyed or damaged, from single family homes to apartment buildings to large retail and public buildings, including St. John's Regional Medical Center, the Home Depot, and Wal-Mart.
The tornado caused severe damage to the City's housing, business, infrastructure, and public service sectors. The devastation caused by the tornado emphasizes the need for a thoughtful and comprehensive long-term recovery process.This Action Plan was developed after soliciting considerable input from affected communities and stakeholder groups beginning immediately after the disaster with the Citizens Advisory Recovery Team (CART) Plan and Comprehensive Plan 2012 and ultimately concluding with the City of Joplin's Capital Plan.

Recovery Needs:

An initial CDBG-DR grant that was received addresses the loss of significant number of housing units and the activities intended to meet the need for additional housing.
An assessment was completed to determine damage done to infrastructure systems. Rankings from 1-5 were applied with a ranking of 5 being the most heavily damaged. As a result, it was determined that 412,000 linear feet of sanitary sewer was damaged, 334 storm inlets were damaged, 329,190 linear feet of repairs needed to streets, 182,000 linear feet of curb and gutter was damaged, 119,160 linear feet of sidewalks were damaged and 554 ADA ramps need to be replaced, repaired or added.
In addition, an opportunity to provide open space in an LMI neighborhood on land where the former damaged St. John's Regional Center stood, availed itself in the development of an 18 acre passive park. While the school district quickly replaced many of the school buildings that were destroyed, the early childhood education program needed to be moved out of FEMA trailers. Half day daycare will be added in a new building since many of the daycare slots were not replaced after the tornado.
553 businesses were destroyed or severely damaged by the storm. Between 4,500 and 5,000 employees were affected. While businesses have rebuilt, there remains a need to employ the unemployed and upgrading the skill sets of the underemployed. There is a need to fill gaps in the area's workforce, provide better-skilled workers to existing and new companies and enable local residents, particularly those with low to moderate incomes, to advance their skills and consequently, the standard of living.
With 161 dead and nearly 1400 injured, it is expected that one-third to one-half of the post-tornado population will experience short and long-term mental health issues. Additional services in the community are needed to address the increased needs.

Overall	This Report Period	To Date

Limit on State Admin	$0.00	$3,364,864.32
Most Impacted and Distressed Threshold (Projected)	$0.00	$0.00

Overall Progress Narrative:

The second quarter saw lots of construction activity as several infrastructure projects are underway. Main Street improvements from 15thto 32ndStreet are on schedule. 20thStreet from Main to Rangeline was awarded. Four storm sewer projects were awarded with 20thStreet. This construction will occur over two construction seasons. The first surface project was awarded during this quarter and it covers from 15thto 20thand from Main to Jackson. Construction has started on repairing and replacing the curb and gutter, sidewalks and milling and overlaying the street surfaces. Also awarded were two storm water projects: Delaware As of this quarter all the sanitary sewer projects have been awarded. Eastmorland and Harmony Heights interceptors are now under construction. Three interceptor projects, Bankers, Bartlett and Shoal Creek are completed. A majority of the sewer renovations are also complete. Early Childhood Center construction is currently ahead of schedule. The Advanced Training and Technology Center renovation has been completed. Equipment continues to be delivered. Classes are anticipated to begin in late August. The City procured a new consultant administrator firm during this period. PricewaterhouseCooper was selected to provide administrative support.

Activity Description:

Through the donation of a portion of the site of the former (damaged and removed) site of the Mercy Hospital, a 'passive' park will be constructed with some native areas, places for quiet reflection and trails connecting to other amenities in the area. The site is in close proximity to Cunningham Park (active), newly constructed elementary school, proposed trail system and proposed senior housing complex. The park will provided needed open space as identified by CART (post-tornado citizen group).

Location Description:

Southeast corner of 26th and McClelland Streets within the LMI area the tornado zone.

Activity Description:

The Community Clinic serves the uninsured in the area. After the tornado, it served many more individuals and served to provide prescriptions for those who lost their medications during the event. Additionally, they served as a triage area. As a result, the wear and tear on their facility was significant and rehabilitation and repairs are needed to continue to serve this low-income population.

Location Description:

Located within the City of Joplin.

Activity Progress Narrative:

Renovations at the clinic are complete and retainage held has now been released. LMI data collection is occuring.

Activity Description:

Provide street improvements that include the repair and reconstruction of paving, curb and gutter and sidewalk as well as amenities i.e. tree plantings, benches, street lighting, etc. These streets serve as the most used ways through the recovery area.

Location Description:

20th Street from Main Street to Rangeline Road. Main Street from 15th Street to 32nd Street.

Activity Progress Narrative:

Bid specs were prepared for 20th Street from Main Street to Rangeline Road. The construction contract was awarded to D & E Plumbing. The contractor is starting with improvements around the newly constructed Joplin High School in anticipation of school starting. Main Street work with Branco Construction remains on schedule.

Activity Description:

For many years, Joplin's demand for high-quality child care and preschool education has exceeded the supply. The Joplin community has always struggled to successfully meet the needs of its youngest and most vulnerable children with not having enough early childhood space.
Since th 2011 disaster, this situation has become exponentially worse. It has been estimated that Joplin lost over half of its' daycare/early childhood education slots. In fact, due to the critical shortage, parents report they must seek childcare in other, neighboring communities. In order for families to continue working, they are in dire need of daycare services, and the availability of high quality daycare has reached crisis proportions.
Assistance will be provided for the construction of an early childhood education facility.

Location Description:

In the tornado area, on land donated by Mercy Hospital.

Activity Progress Narrative:

Construction of teh Early Childhood Center by Crossland Construction is currently ahead of schedule. During this period site preparation is 90% complete, the building pad is 100% complete and the building construction is 35% complete.

Activity Description:

As a result of the May 2011 tornado, the Jasper County Juvenile Detention Center has recorded an increased intake of offenders from the Juvenile Circuit Court system and documented a need for more juvenile interventions. Not only is there an increased number of offenders cycling through the justice system, but as a result, utilization of a new approach for these juveniles is much needed.

The Juvenile Detention Center proposes the implementation of a multi-disciplinary approach to creating interventions that are individualized and less punitive, rather than locking the juvenile offender in a detention cell. The Jasper County Juvenile Court intends to implement more interventions to better serve the disaster affected Joplin juveniles and their families. With the additional funding, the Center plans to hire two paraprofessional teacher's aides and one qualified mental health professional to provide evaluations and increase programming needs.

Location Description:

Juvenile Detention Center - Joplin

Activity Progress Narrative:

The subrecipient agreement was extended to allow continued services to those juveniles who are experiencing difficulties since the tornado event. LMI numbers will be reconciled at the end of the activity.

Activity Description:

The Ozark Center will provide in-patient and out-patient mental health services to Joplin children and adults within the LMI population who suffer from conditions related to the May 2011 tornado. Services will be provided to both uninsured and underinsured LMI individuals to help combat conditions related to trauma as a result of the tornado, some of which include post-traumatic stress disorder, anxiety disorders, depression, and substance abuse. Approximately 70% of the Ozark Center's clientele are considered LMI; of this number approximately 30% of clientele are uninsured. According to a recent study conducted by the University of Missouri, post-traumatic stress disorder (PTSD) in Joplin rose from 12.26% at 6 months post-disaster to 26.74% at 30 months post-disaster. Research results indicate that long term (multi-year) community disaster mental health monitoring, assessment, referral, and outreach services are needed following such an event. Funding will provide for increased staff capacity.

Location Description:

Ozark Mental Health - 1105 E 32nd, in the tornado zone.

Activity Progress Narrative:

Ozark continues to assist those with issues including PTSD since the tornado event. Next quarter the final payment will be made and the LMI data will be entered.
