STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

This request is consistent with the Comprehensive Plan. The future land use map does indicate future low-density residential. However, this request is consistent with the infill development goals in that plan.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of R-2 is suitable for this property.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning will not be detrimental to nearby property. The uses permitted in R-3 still of residential nature. In addition, a buffer yard will be required where the property directly abuts R-2 districts.

DISCUSSION

This request to rezone to R-3 is for a future multi-family development within the existing structure, with a possible small addition. The property will exhibit a unit density below that of the property directly to the West despite having a multi-family use. Even so, a buffer yard will be required along the West property line.

The request is found to be consistent with the comprehensive plan and future land use map.

Staff recommends approval of Case 055-21.
