APPLICANT Brad Fagan

EXISTING CONDITIONS

Zoning	Land Use	Property Size
R-1	Vacant	1.3 acres

	North	East	South	West
Existing Zoning	R-1	C-3-PD	R-1	R-1

FUTURE LAND USE

TRANSPORTATION

Streets with access	Classification	Right-of-way width
E. 20th St.	Arterial	150'

S. Highview Ave.	Local	60'

UTILITIES Improvements on these lots will likely result in the abandonment or replacement of existing sanitary sewer piping or structures.

FLOOD PLAIN This property is partially in the flood plain. Stormwater management applies

(i.e. water quality/detention). Any structure proposed within the flood plain is subject to the City's Flood Plain Ordinance requirements.

STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

Yes.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The site as zoned R-1 is suitable for future residential development. The R-1 district does restrict the intensity of residential development and prohibits many uses. This property has been on the market for some time and has had little to no interest in its current state.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

This zoning change should not detrimentally affect nearby property. There is adequate space on the site in which any potential developer can mitigate the conflict of commercial uses with other uses in accordance with the City's buffer requirements. The C-1 district is designed to be used amongst residential uses, hence its title, Neighborhood Commercial. Uses in these districts are restricted to light uses that generate little traffic and nuisance. In addition, any stormwater concerns due to the parts of the property being within the flood plain would be governed under the City's Flood Plain Ordinance.

DISCUSSION

This property has been on the market for some time and has had very little interest for development single family residences. The applicant's request to rezone to a C-1 Neighborhood Commercial zone is not inappropriate for this property considering the intent of C-1 districts is to provide neighborhood level uses such as banks, offices, and small shops. Uses in this district are to not generate large amounts of traffic commonly seen in the intense commercial uses along Range Line Road, for instance.

In addition, considering the property's frontage along 20th St., a major arterial connecting two sides of Joplin, a commercial use oriented toward this street is appropriate. It is likely that this street frontage is what is dampening interest in the development of this property under its current zoning.

This property is subject to the City of Joplin's Zoning Code requirements.

Staff recommends approval of Case 037-19.
