Public Works-Engineering

ATTACHMENTS
Amendment No. 2; Council Bill 2018-153

REVIEWED BY
Dept. Head: David Hertzberg; Director of Planning & Community Development: Troy Bolander; Director of Finance: Leslie Haase; City Attorney: Peter Edwards; City Manager: Sam Anselm

SUMMARY
This Council Bill approves Amendment No. 2 to Work Authorization JET DR-2 PAP 7-1 20th St. with Joplin Joint Engineering Team (JET) in the not to exceed amount of $73,600.00 for professional engineering consulting services for the 20th St. improvement project.

BACKGROUND
In October 2017, City Council approved a contract with JET to provide the City with professional engineering services, and in January 2018 this agreement was amended to extend the service period to April 2018 for Part 1 of the 20th Street project. Services included design, bidding, construction management, field survey, material testing and payroll compliance review. The extents of Part 1 are from Main Street to Connecticut Avenue. During construction of the project, a fiber optic line crossing 20th St. was discovered near Highview Ave. that was in conflict with a major proposed storm drain. The relocation of this line took several months, and although other work on the 20th St. project continued during this period, the storm drain and subsequent paving work was delayed, dictating a time extension to the overall construction project to November 30, 2018 for final completion. This amendment reflects the amount of work necessary to complete the project.

FUNDING SOURCE
These payments are covered by the CDBG-DR Grant Funds.

RECOMMENDATION
Staff recommends approval of amendment 2 to work authorization JET DR-2 PAP 7-1 20th Street with Joplin Joint Engineering Team in the not to exceed amount of $73,600.00 for professional engineering consulting services for the 20th Street Improvement project on an emergency basis, per section 2.12 (6) of the HOME RULE CHARTER of the City of Joplin, Missouri, and as such, this ordinance shall become effective immediately upon its passage.
