SUMMARY
This Council Bill changes certain existing fees in the planning and zoning department.

BACKGROUND
The City recently completed the biennial user fee review, which was discussed with City Council at the budget work session on September 20, 2023. User fees are fees for services for specific users. User fees should recover most of the related cost of providing the service, so general taxes are not supporting services for specific users. Under Hancock provisions, the City is only allowed to recover the cost of providing the service. As detailed in the biennial user fee review, certain user fees need to be increased to recover more of the costs associated with providing these services.

In the fee review, staff proposed various changes to planning and zoning department fees.

The proposed changes are as follows:

- Change the subdivision plat fee from $150.00 to $200.00
- Change the lot split fee from $125.00 to $150.00

The fee changes will be effective on January 1, 2024.

FUNDING SOURCE
This revenue is included in the fiscal year 2024 community planning fund budget.
