Health Department Update / Projected COVID mitigation efforts-Dan Pekarek

Dan stated as of Sunday the hospitalization total was at 106, 20 Joplin residents. 281 active cases, 67 deaths and case per day is at 38.7, 7-day average. The most affected age group is ages from 20-29, the people that are out and about. CARES ACT fund expires the end of the month, we are looking at where we go once it expires. A question was asked by Mr. Copple as far as extra staffing for case investigations; where the funding is coming from? Mr. Pekarek stated from the CARES ACT. The only other recommendation from Dan was to be careful and mindful going into the holiday season, especially with those that are high risk.
