STAFF ANALYSIS

CONSISTENT WITH DEVELOPMENT POLICIES OF THE COMPREHENSIVE PLAN?

The request is consistent with the comprehensive plan. The future land use map does show this property to be future retail commercial. However, it would not be inappropriate for this property to mirror the existing neighborhood and the S. St. Louis corridor to the South by rezoning to R-2, especially given the current neighboring uses are residential in nature.

THE SUITABILITY OF THE SUBJECT PROPERTY FOR THE USES TO WHICH IT HAS BEEN RESTRICTED

The current zoning of C-1 is suitable in this area. While this is an intersection involving a collector-level street, the S. St. Louis corridor is not transitioning to more commercial uses or zoning, nor does it currently consist of much commercial uses or zoning. In addition, the size of the property does limit the number and types of commercial uses that would likely have interest in the property or location.

THE EXTENT THAT THE ZONING CHANGE WILL DETRIMENTALLY AFFECT NEARBY PROPERTY

The change in zoning to R-2 will not be detrimental to the nearby property. Property that is along the corridor and in the surrounding neighborhood is already largely zoned R-2. A rezoning to R-2 will also decrease the amount of allowed uses currently allowed in C-1 and which tend to be more intense uses than those allowed in R-2.

DISCUSSION

R-2 zoning at this location is appropriate. While the Future Land Use map does show this property to be future retail commercial, a rezoning to R-2 would be consistent with the existing fabric of the neighborhood as well as the corridor of S. St. Louis Ave. to the South.

Staff recommends approval of Case 040-20.
