Inquiry/Proposal #6964

DECEMBER 7TH, 2016

Proposal for Joplin, MO – Shoal Creek WWTF

One (1) Mechanical Bar Screens

(1) Bar Screen – Fairfield Model Lock Link, primarily fabricated of type 304 stainless steel and built in accordance with Specifications Section 11331 with the exception of any patents or patented products.

Designed as follows:

Peak flow:	19 MGD
Average flow:	4 MGD
Clear openings:	.25"
Bar size:	.25" x .75" x .13" trapezoidal shaped, type 316L stainless steel
Width:	4'- 0"
Depth	6'- 0"
Lift:	approx. 13'- 0" lift
Angle of screen:	75 degrees
Drive:	Electric
Motor HP:	1/2 (min) Motor type: electric, TEXP, Class 1, Division 2, Groups C & D, 3 phase, 230/460 volt, 1.0 service factor.

Bar Rack

The bar rack will be fabricated from .25" x .75" x .13" type 316L stainless steel bars formed straight and true. Anchor bolts to secure the bar rack in the channel will be provided. Bar rack will extend from a bolted bottom plate to the dead plate.

Dead Plate

The dead plate will be fabricated from 1/4" thick type 304 stainless steel , suitably reinforced and will extend from the bar rack to the apron/chute. UHMW wear strips will also be furnished.

Support Frames/Enclosure

The support frame shall be constructed of a minimum 1/4" thick, type 304 stainless steel and shall be suitably reinforced to support the required loads. The base frame shall be mounted to the operating floor with type 304 stainless steel anchor bolts. Housing will be of 14 gauge type 304 stainless steel and will have 16 gauge thick, type 304 stainless cleanout and inspection doors on the front and rear of the screen.

Inquiry/Proposal
Shoal Creek WWTP

DECE MBER 7TH, 2016

The enclosure above the operating floor will be furnished with heating elements, insulation, aluminum or equal jacketing, and a thermostat for automatic control.

Discharge Chute

The screenings discharge chute will be 1/8" thick type 304 stainless steel suitably reinforced and fashioned at a 60° angle to discharge into a chute that empties into a dumpster furnished by the Owner.

Link System

Link system shall be capable of flexing around and collecting large objects. Surges of solids at peak loading times shall not overload or shut down the unit. Links shall bend in one direction only. The link shall be its own lower sprocket and frame. Lifting capacity shall be minimum 1,000 pounds.

Lock Links shall be cast from type 316 stainless steel with minimum ultimate strength of 60,000 lbs. Minimum cross section shall be approximately 1.5 inches and weighing approximately 4.5 lbs. each. Links shall be joined using type 304 stainless retaining rings and 304 stainless pins. Link slide assembly will be constructed of UV stable UHMW-PE rollers and type 304 stainless steel components.

Link slides will be provided of UV stable UHMW-PE rollers and type 304 stainless steel supports and components.

Return Guides/Closeouts

Return guides/closeouts will be furnished from type 304 stainless steel and shall insure proper alignment of scrapers as they enter the bar screen and assure there is no space wider than the .25" clear openings for solids to pass through.

Rakes/Scrapers

The thru bar scrapers will be constructed of type 304 stainless steel, .375" x 5" x screen width and the staging scrapers will be UHMW polyethylene, 1" x 4" x screen width. Rakes/scrapers spacing will be every 21" and at least one scraper every 84" will penetrate the bar screen cleaning three sides of the bars.

Bearings

All bearings shall be greased ball bearing type, non-self-aligning, sealed and lubricated.

FAIRFIELD SERVICE COMPANY OF INDIANA, LLC

Inquiry/Proposal
Shoal Creek WWTP

DECE MBER 7TH, 2016

Drive Unit

The drive unit and motor shall be explosion proof rated for Class 1, Division 2, Groups C & D.

The motor shall be UL rated for continuous operation, 230/460/3/60 AC induction type with inverter duty with a 1.0 service factor. Motor shall be minimum 1/2 HP with EPNV enclosure, NEMA design B, and shall be connected to a hollow shaft, bevel gear, right angle reducer designed for 24 hour operation. Overload protection will be primarily from variable frequency. Chain hubs will be cast gray iron.

Wiper

The wiper will be constructed of type 304 stainless steel tubing welded to a 1/4" stainless steel plate. The wiper will be designed to pivot to allow efficient cleaning of the rakes with each pass and cushioned during travel to the rest position by hydraulic shock absorbers.

Electrical

Electrical controls are furnished per Specifications paragraphs 3.1 thru 3.12.8.

Spare Parts

Spares included are: 1 – drive clevis pin, 10 – snap/retaining, rings, 1 – snap ring tool, 4 – link clevis pins, bolts, and nuts, 1 – 3 oz. tube of NeverSeez.

General Items

Stainless steel will not be painted. Motor, reducer, bearings, etc. will ship with their manufacturer's standard finish. Anchor bolts will be type 304 stainless steel. Six (6) sets of O & M Manuals will be furnished including one electronic.

Start-up and Training

Also, the services of a Fairfield Service Company operator and/or start-up technician will be provided for two (2) 8-hour days, and one (1) trip to the site for inspection of installation, start-up/testing, and training of plant personnel.

FAIRFIELD SERVICE COMPANY OF INDIANA, LLC

Inquiry/Proposal
Shoal Creek WWTP

DECEMBER 7TH, 2016

Warranty

Fairfield Service Company will provide five (5) years limited warranty from date of acceptance covering defects in materials and or workmanship. Labor and wear items are not included.

Terms of Payment

To be negotiated.

Damages

Fairfield Service Company does not accept any loss of use, liquidated or consequential damages of any kind for this work.

Not Included

Sales or use taxes, concrete foundations, setting of anchor bolts in concrete, embedded steel or the setting of same in concrete, grouting, trash bin, modifications to existing equipment, hoists, lights, heaters, gates, valves, removal of existing equipment, drain-air-water piping, grating, handrail, stairs, ladder, walkways, platform, gates, MCC's field wiring, conduit, circuit breakers, field drilling and/or tapping of explosion proof panels, field finish painting, storage of equipment, spare lubricants or installation.

Clarifications

We have bid this as a material supplier on the basis of Fairfield Service Company's standard terms and conditions. We reserve the right, if we are the successful bidder, to review and negotiate any alternate or supplemental terms and conditions required.

Shipment

Shipment to the site is included in our pricing and bid. We will ship to the site upon completion of approval and fabrication

Price firm with receipt of a purchase order within 30 days, after which prevailing steel increase shall apply.

Drawings – 45 days after receipt of an order and all required engineering information

Shipment – 120 to 140 days after final drawing approval.

BIDDER'S PROPOSAL 00301

Proposal of Fairfield Service Company of Indiana, LLC (hereinafter called "BIDDER"), organized and existing under the laws of the State of Indiana doing business as Fairfield Service Company of Indiana, LLC to the City of Joplin (hereinafter called "OWNER").

In compliance with your Invitation to Bid and having carefully examined the specifications, related contract documents, and all addenda thereto, the BIDDER hereby proposes to supply the mechanical screening equipment in strict accordance with these Contract Documents and the attached submittal data, within the period of time set out herein, and for the price, stated hereinafter.

By submission of this Bid, BIDDER certifies that this Bid has been arrived at independently without consultation, communication, agreement, collusion, or understanding with any other Bidder submitting a Bid for this Project.

The CONTRACT DOCUMENTS contain the provisions required for the construction of the PROJECT. Information obtained from an officer, agent, or employee of the OWNER or any other person shall not affect the risks or obligations assumed by the CONTRACTOR or relieve him from fulfilling any of the conditions of the contract.

BIDDER hereby agrees to commence work under this contract on or before a date to be specified in the Purchase Order, and to deliver the screening equipment to the Shoal Creek WWTP site within 150 consecutive calendar days thereafter. BIDDER agrees to reimburse other contractors and subcontractors for damages suffered by reason of delays attributable to failure by the BIDDER to fully complete the PROJECT within the established time, as provided in Section 15 of the General Conditions.

Bidder acknowledges receipt of the following ADDENDA:

No. _____ Date: _____

No. _____ Date: _____

BIDDER'S LIST OF EQUIPMENT TO BE PROVIDED AS PART OF BID SCHEDULE

Each Bidder shall identify on the Proposal form the manufacturer of the equipment that he intends to provide as a part of his bid.

BIDDERS are advised that only equipment and material specified in Section 01100 – SPECIFIED EQUIPMENT AND ALTERNATIVES or in Addenda issued may be included in the Bid Amount.

Alternate equipment and materials other than those listed in Section 01100 may be submitted to the ENGINEER until seven (7) days prior to the date of Bid Opening. Only those alternate materials and equipment receiving approval from the ENGINEER may then be listed and included in the Contractor's Bid. Written approval will be provided to the prospective BIDDERS. Approved equipment is listed as follows.

ITEM	NAME OF MANUFACTURER
Screening Equipment	Duperon Corporation, Fairfield Services Co., or Approved Equal

Screening Equipment – BID AMOUNT (F.O.B. Joplin, Missouri)

Eighty Five Thousand 00/100

DOLLARS ($ 85,000.00)

Manufacturer of Screen: Fairfield Service Company of Indiana, LLC Model: LockLink Year: 2016

Delivery Time After Receipt of Order: One Hundred Fifty (150) Days.

CERTIFICATION REGARDING LOBBYING

CERTIFICATION FOR CONTRACTS, GRANTS, LOANS AND COOPERATIVE AGREEMENTS

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-contracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31 U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Subject: American Iron and Steel Step Certification for Project (Bristol Main PS Bar Screen & Digester Upgrades

I, Madu Murarka, certify that the (melting, bending, coating, galvanizing, cutting, etc.) process for (manufacturing or fabricating) the following projects and/or materials shipped or provided for the subject project is in full compliance with the American Iron and Steel requirement as mandated in EPA's State Revolving Fund Programs.

Item. Projects and/or Materials:

1. Stainless steel for Deep Rock Tunnel Dairy
2. Steel for Detroit water
3. Stainless for Little Rock Arkansas

Such process took place at the following location:

Various places in US

If any of the above compliance statements change while providing material to this project we will immediately notify the prime contractor and the engineer.

Madu Murarka, President

American Iron and Steel Certification

The Contractor acknowledges to and for the benefit of the City of Joplin, Missouri and the State of Missouri that it understands the goods and services under this Agreement are being funded with monies made available by the Clean Water State Revolving Fund and/or Drinking Water State Revolving Fund that have statutory requirements (see attached) commonly known as "American Iron and Steel;" that requires all of the iron and steel products used in the project to be produced in the United States ("American Iron and Steel Requirement") including iron and steel products provided by the Contactor pursuant to this Agreement. The Contractor hereby represents and warrants to and for the benefit of the Purchaser and the State that (a) the Contractor has reviewed and understands the American Iron and Steel Requirement, (b) all of the iron and steel products used in the project will be and/or have been produced in the United States in a manner that complies with the American Iron and Steel Requirement, unless a waiver of the requirement is approved, and (c) the Contractor will provide any further verified information, certification or assurance of compliance with this paragraph, or information necessary to support a waiver of the American Iron and Steel Requirement, as may be requested by the Purchaser or the State. Notwithstanding any other provision of this Agreement, any failure to comply with this paragraph by the Contractor shall permit the Purchaser or State to recover as damages against the Contractor any loss, expense, or cost (including without limitation attorney's fees) incurred by the Purchaser or State resulting from any such failure (including without limitation any impairment or loss of funding, whether in whole or in part, from the State or any damages owed to the State by the Purchaser). While the Contractor has no direct contractual privity with the State, as a lender to the Purchaser for the funding of its project, the Purchaser and the Contractor agree that the State is a third-party beneficiary and neither this paragraph (nor any other provision of this Agreement necessary to give this paragraph force or effect) shall be amended or waived without the prior written consent of the State.

BUSINESS ENTITY CERTIFICATION, ENROLLMENT DOCUMENTATION, AND AFFIDAVIT OF WORK AUTHORIZATION

BUSINESS ENTITY CERTIFICATION:
The bidder/contractor must certify their current business status by completing either Box A or Box B or Box C on this Exhibit.

BOX A:	To be completed by a non-business entity as defined below.
BOX B:	To be completed by a business entity who has not yet completed and submitted documentation pertaining to the federal work authorization program as described at http://www.dhs.gov/xprevprot/programs/gc_1185221678150.shtm.
BOX C:	To be completed by a business entity who has already submitted documentation with a notarized date on or after September 1, 2009, to a Missouri state agency including Division of Purchasing and Materials Management.

Business entity, as defined in section 285.525, RSMo pertaining to section 285.530, RSMo is any person or group of persons performing or engaging in any activity, enterprise, profession, or occupation for gain, benefit, advantage, or livelihood. The term "business entity" shall include but not be limited to self-employed individuals, partnerships, corporations, contractors, and subcontractors. The term "business entity" shall include any business entity that possesses a business permit, license, or tax certificate issued by the state, any business entity that is exempt by law from obtaining such a business permit, and any business entity that is operating unlawfully without such a business permit. The term "business entity" shall not include a self-employed individual with no employees or entities utilizing the services of direct sellers as defined in subdivision (17) of subsection 12 of section 288.034, RSMo.

Note: Regarding governmental entities, business entity includes Missouri schools, Missouri universities (other than stated in Box C), out of state agencies, out of state schools, out of state universities, and political subdivisions. A business entity does not include Missouri state agencies and federal government entities.

BOX A - CURRENTLY NOT A BUSINESS ENTITY

I certify that Fairfield Service Co of TN, LLC (Company/Individual Name) **DOES NOT CURRENTLY MEET** the definition of a business entity, as defined in section 285.525, RSMo pertaining to section 285.530, RSMo as stated above, because: (check the applicable business status that applies below)

- ☐ I am a self-employed individual with no employees; **OR**
- ☒ The company that I represent utilizes the services of direct sellers as defined in subdivision (17) of subsection 12 of section 288.034, RSMo.

I certify that I am not an alien unlawfully present in the United States and if Fairfield Service Co of TN, LLC (Company/Individual Name) is awarded a contract for the services requested herein under _____ (Bid/SFS/Contract Number) and if the business status changes during the life of the contract to become a business entity as defined in section 285.525, RSMo pertaining to section 285.530, RSMo then, prior to the performance of any services as a business entity, Fairfield Service Co of TN (Company/Individual Name) agrees to complete Box B, comply with the requirements stated in Box B and provide the _____ (insert agency name) with all documentation required in Box B of this exhibit.

As a business entity, the bidder/contractor must perform/provide the following. The bidder/contractor should check each to verify completion/submission:

X Enroll and participate in the E-Verify federal work authorization program (Website: http://www.dhs.gov/xprevprot/programs/gc_1185221678150.shtm; Phone: 888-464-4218; Email: e-verify@dhs.gov) with respect to the employees hired after enrollment in the program who are proposed to work in connection with the services required herein; AND

X Provide documentation affirming said company's/individual's enrollment and participation in the E-Verify federal work authorization program. Documentation shall include a page from the E-Verify Memorandum of Understanding (MOU) listing the bidder's/contractor's name and the MOU signature page completed and signed, at minimum, by the bidder/contractor and the Department of Homeland Security – Verification Division. If the signature page of the MOU lists the bidder's/contractor's name and company ID, then no additional pages of the MOU must be submitted.; AND

X Submit a completed, notarized Affidavit of Work Authorization provided on the next page of this Exhibit.

AFFIDAVIT OF WORK AUTHORIZATION:

The bidder/contractor who meets the section 285.525, RSMo definition of a business entity must complete and return the following Affidavit of Work Authorization.

Comes now Madu Murarka (Name of Business Entity Authorized Representative) as President (Position/Title) first being duly sworn on my oath, affirm Fairfield Service Company of Indiana LLC (Business Entity Name) is enrolled and will continue to participate in the E-Verify federal work authorization program with respect to employees hired after enrollment in the program who are proposed to work in connection with the services related to contract(s) with the State for the duration of the contract(s), if awarded in accordance with subsection 2 of section 285.530, RSMo. I also affirm that FSCI (Business Entity Name) does not and will not knowingly employ a person who is an unauthorized alien in connection with the contracted services provided to the contract(s) for the duration of the contract(s), if awarded.

In Affirmation thereof, the facts stated above are true and correct. (The undersigned understands that false statements made in this filing are subject to the penalties provided under section 575.040, RSMo.)
