INTRODUCTION:

This Council Bill approves a contract between the City of Joplin, Missouri and Motorola providing continuing system maintenance of infrastructure components provided by Motorola.

SUMMARY/DISCUSSION:

On November 21, 2016, the City Council approved a contract between the City of Joplin and Motorola Inc. for Joplin's city-wide Motorola radio system to be replaced from the existing 7.1 switch to a new 7.16 switch. The agreement continues the system maintenance of infrastructure components provided by Motorola. The Motorola Digital Radio System is a complex system of routers, servers, combiners, microwave systems, etc., and requires monitored maintenance of the system infrastructure and an immediate customer service response should the system and/or system components fail. This agreement provides Motorola customer support, maintenance, and technical support monitoring of all components of the infrastructure. Beginning the FY 2017-18 through FY 2022-23 budgeting an annual cost of One Hundred Forty-Four Thousand, Two-Hundred Sixty-Six Dollars ($144,266.00),

RECOMMENDATION:

Staff recommends this Council Bill be passed on an emergency basis.
