RFP #2025-RFP-24 Website Design

Addendum 5: Sept. 19, 2025

Questions and Answers

1. Q: The City is requiring an original signature on the “City of Joplin Request for Proposal Submission Form” however we do not see this form attached to the RFP document. Can you please provide this attachment?
2. A: Apologies, please disregard. The line requiring the “Request for Proposal Submission Form” should not have been included in this RFP document. There is no such form for this RFP. Simply reply to the RFP according to the other guidance provided.
3. Q: In section 3.1.9 Sub-Sites/Microsites/Department Landing Pages, how many of the website domains can be redirected to pages within the main site and show its domain vs. having the unique domains retained and visible after redirect?
   A: All domains can be redirected to relevant landing pages within the main site and show its domain (joplinmo.org or the new .gov we seek to acquire), except for the Bike Park website.

   By the way, we have since acquired 4 domains for the Bike Park website, unsure at this time which will be the primary domain for the website, but all four can be redirected to the home page of the MOmentum Bike Park website. The domains we have acquired through GoDaddy are:
   - Joplinmomentum.com
   - Momentumbikepark.com
   - Joplinbikepark.com
   - Momentumjoplin.com
