Q: How far up from the ground will limbs be trimmed on trees farther than 10 feet from the fence?

A: 12 feet up, limbs must be trimmed to a distance of no less than 5 feet from the fence.

Q: How much is being removed and how will we document that there are certain number of sizes of trees that we removed, etc.

A: All vegetation and related debris 10 feet from the fence will be removed in all approved work areas. A City of Joplin Engineering Construction Inspector will be on site at all times in addition to the Project Manager, Patrick Haase (most of the time). Any work being done inside of the fence will need to be coordinated directly with the Project Manager, Patrick Haase.
