Notice to Contractors

Due to the required low ambient noise requirements of the Emergency 911 Call Center, it has been requested by city staff that the duct inspections/cleaning operations for the call center area be conducted between the hours of 9 P.M.(2100) and 6 A.M.(0600). This is considered to be a lower call volume time frame and will allow for fewer work interruptions for 911 staff and the contactor staff.

The undersigned herby acknowledges receipt of this addendum, which by this reference is hereby incorporated in and becomes a part of the contract documents for the above referenced project.
