Joplin Public Library Furniture Bid Package
OPN Project #: 14289000
EDA #: 05-79-05345

Addendum #1
November 16, 2016

To: Proposal Document Holders of Record

The information contained in this Addendum modifies, supplements or replaces information contained in the Furniture Bid Package and on the Drawings and is hereby made a part of the Contract Documents.

GENERAL ITEMS

The following questions were asked during the bidding process. The responses immediately follow each question.

1. **Question:** Can you provide the RAL # for the Candy Apple Red that you were shooting for with the landscape furniture shown in Section 25?
   Response: Yes – please use RAL #3020 Traffic Red for pricing purposes.

2. **Question:** Are there any Canopy Tops in the shelving package?
   Response: No – the canopy tops are not part of the shelving bid package. There will, however, be canopy tops produced by a casework fabricator that will need to be coordinated with the shelving once the bids have been awarded.

3. **Question:** What are the dimensions of the Puppet Theater Curtain (SHCC-2)? Does it stop at the top of the Puppet Theatre Counter?
   Response: The rough opening of the curtain area is approximately 2'-0" high by 4'-10" arc length.

4. **Question:** Can you please confirm that the 3Branch Occasional Tables (OT-1a, OT-1b, OT-1c, OT-1d, OT-1e) and Study Tables (TA-1a, TA-1b) have a quartz thickness of 2 cm with square eased edges?
   Response: Yes—that is correct. The quartz shall be 2 cm thick with a square eased edge.

5. **Question:** Can you please confirm that each 3Branch Discovery Table shall have (1) storage drawer, (2) floating bins, and (2) separate tops—one of which is lego, the other of which is train?
   Response: Yes—the quantities listed above are correct and can be referenced on the TA-2 specification sheet.

6. **Question:** Section 6.02- Custom Components-SHCC-1, SHCC-2, SHCC-3 and SHCC-4 are not by the specified steel shelving supplier, Biblomodel. Can these pieces be put into a separate section? It can be required that the steel shelving supplier is to coordinate with the successful bidder of these custom pieces by supplying detailed drawings. There is not enough detail regarding fasteners or method of attachment for bidders to respond responsibly. Based on Section 2.C- Instructions to bidders, these pieces would impede multiple bids of the shelving package since these items are not manufactured by the shelving manufacturer.
   Response: No. Please provide product specifications per the bid package.

7. **Question:** Section 6D-Specialty Shelving Components - Is the Magbox item specified manufactured by Biblomodel? If not, is it proprietary? If the product is not by Biblomodel, can it be put into another package keeping all shelving items in the section/package by one vendor?

Response: Magbox is a product manufactured by 3Branch. It is not a proprietary specification – if an alternate is submitted it shall be reviewed. Further information can be found under the Section 7, Specification Sheet AC-2.

8. **Question:** Is there a section with end panels for this project?
   Response: No – the end panels are not part of the shelving bid package. There will, however, be end panels produced by a casework fabricator that will need to be coordinated with the shelving once the bids have been awarded.

FURNITURE BID PACKAGE

Cover Sheet

1. The cover sheet has been revised to show the Sapp Design Associates Architects logo.

Section 25 Outdoor Furniture – Landscape Forms

1. Revise the "Custom Powdercoat Color" description for LCHI-1, LTA-1a, and LTA-1b to match the following:
   a. To Match RAL #3020 Traffic Red

Section 31 Workstations/Office Typicals – Allsteel

1. Images for CB-1a and CB-1b were not included in the original package. Please replace the specification sheets with the attached documents.

Section 33 Lectern

1. AC-7 – Model # to be revised to: AVCL-2845-V-SS-FSU-FSL-SH. "Wood Finish" description shall be revised to match the following:

   a. Lectern Finish: Veneer Stained to Match Designer Sample

   b. Shelf Paint Finish: S8004 Cloud

   c. Metal Finish: A8006 Foil

Furniture Plan Drawings (ID A111a, ID A111b, ID A111c, ID A111d)

1. The title block has been revised to show the Sapp Design Associates Architects logo.
