Collections are remitted to the City by the 10th of each month for the prior months reported sales. Effective January 1, 2000, the State of Missouri Department of Revenue increased the threshold for monthly filing requirement from $250 to $500 for state tax collected.

Sales tax figures include the TIF sales tax collections. 50% of the TIF sales tax collections have to be remitted by the City to the TIF developer after being received from the State.

Actual budgeted increase is calculated by using the prior year actual collections compared to the budgeted amount.

This information is reported on a cash basis, while the accounting records are reported on an accrual basis.

*Percentage changed from 47% to 38% beginning with the June 2007 payment to the TIF developers due to the additional General Sales Tax for Police & Fire.

**A 5% fee is held out of the payment to the TIF developer as an administrative expense. The 5% fee goes into the General Fund as a revenue to the City. Administration fee dropped to 3% November 2007 (FY 2008).

Note: Total collections are shown on the historical tax receipts report. The amounts above represent 50% of sales tax collections collected from the TIF districts. The above amounts have been remitted to the TIF developers and represent date paid to the developer and not the date collected from the state.

NOTE: Taxes are collected by the Department of Revenue approximately 30 days following the month in which taxable sales occur. Collections are remitted to the City by the 10th of each month for the prior months reported sales. Effective January 1, 2000, the State of Missouri Department of Revenue increased the threshold for monthly filing requirement from $250 to $500 for state tax collected.

Sales tax figures include the TIF sales tax collections. 50% of the TIF sales tax collections have to be remitted by the City to the TIF developer after being received from the State.

Actual budgeted increase is calculated by using the prior year actual collections compared to the budgeted amount.

This information is reported on a cash basis, while the accounting records are reported on an accrual basis.

Effective January 1, 2000, the State of Missouri Department of Revenue increased the threshold for monthly filing requirement from $250 to $500 for state tax collected.

Sales tax figures include the TIF sales tax collections. 50% of the TIF sales tax collections have to be remitted by the City to the TIF developer after being received from the State.

Actual budgeted increase is calculated by using the prior year actual collections compared to the budgeted amount.

NOTE: Taxes are collected by the Department of Revenue approximately 30 days following the month in which taxable sales occur. Collections are remitted to the City by the 10th of each month for the prior months reported sales. Effective January 1, 2000, the State of Missouri Department of Revenue increased the threshold for monthly filing requirement from $250 to $500 for state tax collected.

Sales tax figures include the TIF sales tax collections. 50% of the TIF sales tax collections have to be remitted by the City to the TIF developer after being received from the State.

Actual budgeted increase is calculated by using the prior year actual collections compared to the budgeted amount.

This information is reported on a cash basis, while the accounting records are reported on an accrual basis.

- They are particularly well suited in data driven analysis and research.
- The process:
  - Contracted in October of 2023
  - Research and surveys from November 2023 thru middle January 2024.
  - Presented preliminary information and process plan to JSA Board in January.

Strengths, Weaknesses, Opportunities and Threats (SWOT)Analysis : JSA Strategic Plan

- Strengths:
  - Location and Accessibility (5 hour drive 4.3M people)
  - Strong history of Servicing-committed to providing exceptional service to rights holders and echoed by regional and national rights holders (NCAA, NJCAA, NCCAA, MIAA, Monster Games, etc.)
  - Organizational Structure of 18.78 out of 25. (top 20%)
- Weaknesses:
  - Outdated and smaller facilities
  - Facility Access
  - Lack of Diversified Funding Sources-(means and portions of lodging tax as well as new funding mechanisms)
- Opportunities:
  - Facility Development- create a new venue that is “Tournament Friendly” or an ”Anchor” Facility
  - Political Support-Local legislatures and local governments and entities support JSA and understand the mission; capitalize on this
  - Daily Commuters-Economic Impact to support facilities and community engagement
- Threats:
  - Regional Competition Incredibly Strong: (Tulsa, Springfield, Branson, NW Arkansas, KC, Overland Park)
  - Airport Access- JLN, TUL, XNA and SGF
  - Leadership Level Challenges- Senior Leadership at JSA, Joplin CVB and MSSU has at times been difficult. This has decreased over the last few years with new leadership at JSA.

JOPLIN SPORTS AUTHORITY

Keep on the radar!

- Tax Collections have been slow from the some of the hotels, this delay in collections impacts both JSA and the CVB
- More and more Short Term Rentals (STR) such as Arbnb's are being created and those are not required to pay the lodging tax so we are losing out on some revenue however incidental spending is still part of the revenue for city and businesses.

JOPLIN
