Tri-State Fire Recruitment Alliance

Firefighter Candidate Testing Program

Welcome to the Tri-State Fire Recruitment Alliance, firefighter candidate testing program. The Tri-State Fire Recruitment Alliance is a consortium developed to allow fire service agencies in Missouri, Kansas and Oklahoma to jointly provide pre-hire testing for firefighter candidates.

The process allows potential candidates with various levels of preparation to register with the Alliance and complete a written and physical ability assessment test. Upon successful completion the names of the candidates and applicable professional qualifications will be placed in a data base pool for each participating agency to access for hiring purposes. Each agency will select candidates for further consideration from the pool that meet their specific prerequisite requirements. The names of candidates who successfully pass both tests will remain in the pool data base for 12 months from the date of the test. The written test administered is the "Fire Team" test by ERGO Metrics and will take approximately 2 hours. You may learn about the test at www.ergometrics.org. The PAT test may be reviewed in the Candidate PAT Orientation Guide which can be downloaded from participating agency web sites. There is a $75 registration fee charged to candidates to take the two tests.

This regional approach to firefighter candidate testing has benefits for both the candidates and the participating agencies. The candidates looking to enter the fire service career need only test once to be considered by a number of potential employers, thus reducing the time, effort and cost of multiple testing. For fire agencies collaborative candidate testing provides for test validation, regional uniformity, reduced resource utilization for recruitment and broader candidate pools.

We wish you success in this firefighter candidate testing process. Please feel free to contact us with any questions.

Mitch Randles

Tri-State Fire Recruitment Alliance

Participating Agencies

Battlefield Fire Protection District - The Battlefield Fire Protection District located just southwest of Springfield, Missouri protects the City of Battlefield and the unincorporated area south of Springfield in Greene County. The District covers approximately 32 square miles and protects approximately 38,000 residents. The District is protected by 30 full-time firefighters out of four fire stations. Along with fire suppression the District provides a myriad of services including BLS first response, fire prevention and education, training and other community service programs. Currently the District maintains an ISO (Insurance Services Office) rating of a 5.

Carthage Fire Department--The Carthage Fire Department is a career department which serves approximately 25,000 residents in a 160 square mile area of Jasper County, Missouri.
The department is staffed with 18 full-time firefighters, 3 Battalion Chiefs, 1 Fire Chief, 3 part-time paid firefighters, and one civilian secretary. The Carthage Fire Department currently has one fire station located near the center of the city. The department operates one ladder truck, three engines, one tanker, three brush trucks, one rescue squad, one special services vehicle, and one water rescue boat.
The Department provides a wide range of emergency services including BLS first response, fire prevention and education, training and other community service programs.
The fire department recently passed a fire department sales tax and looks to expand its services, including the addition of another fire station and staffing.

Gravois Fire Protection District -- The Gravois Fire Protection District is a combination fire district protecting 150 square miles on the West side of The Lake of the Ozarks in Central Missouri, in Morgan and Camden County, the City of Laurie and City of Gravois Mills, including 63 miles of shoreline of the Lake of the Ozarks on our Eastern and Western Boundaries. The area is primarily rural, with limited agricultural with the economy driven by the needs of the residents and the recreational attraction to the Lake.
Our year round population is approximately 9100, weekend or seasonal residents not included. From March to November our population can rise above 30,000 with peak weekend population exceeding 100,000. We operate training and maintenance facility and seven fire houses.
Our fleet includes: nine pumpers, two ladder trucks, one quick response pumper, two light water units, eleven tankers, two heavy rescues, two service companies, two fire boats, one rescue boat, a communications/support bus and staff/support vehicles.
Our staff includes, a three member board of directors elected by the public; Fire Chief, Deputy Chief and an administrative assistant; volunteer firefighters, support staff and junior firefighters; and nine career firefighters making up three, three member shifts.
Our Mission and Purpose is to protect lives and property from destructive fires, prevention of destructive fires, performing emergency rescue and assisting in times of other emergency or disaster.

Joplin Fire Department - The Joplin Fire Department serves an area of approximately 48 square miles and a daytime population of 300,000. The city is protected by a daily, on-duty strength of 32 members plus seven administrative personnel staffing seven strategically located stations. Firefighters serve the City on four engine companies, three truck companies, one rescue/hazardous materials unit and one command Chief.
The Department also provides a wide range of non-emergency services, including fire and life-safety presentations and inspections at schools, businesses and community groups, as well as first aid training for those requesting the service. Currently the Department holds an ISO (Insurance Service Office) rating of 3 which helps ensure some of the lowest rates available for Residential Hazard Insurance.

City of Lebanon Fire Department – The Lebanon Fire Department serves an area of approximately fourteen square miles with a population of over 12,000. The Department is staffed with fifteen full-time line personnel along with three administrative Chief Officers. The department operates from two stations utilizing two engines, one 75' quint, one 100' platform ladder, one haz-mat heavy rescue unit, and a brush truck. The city is protected daily, by an on-duty strength of four or five personnel supplemented by call-backs of off-duty personnel. The Department has also initiated a part-time firefighter program which further supplements the full-time staff. The Department provides a wide range of emergency and non-emergency services including: fire suppression, ALS first responders as one of only 36 licensed Emergency Medical Response Agencies (EMRA) in the State of Missouri, technical rescue, and hazardous material mitigation. Other services provided include fire and life-safety presentations, child safety seat installations, smoke detector installations, as well as inspections of all commercial property. Currently, the Department holds an ISO (Insurance Services Office) rating of 4.

Logan-Rogersville Fire Protection District – The Logan-Rogersville Fire Protection District serves an area of approximately 165 square miles and a population of 20,000. The District is protected by a combination of 21 career and 25 volunteer personnel. The District operates out of 6 stations and firefighters serve the district citizens and visitors with firefighting, rescue, hazardous material and advanced life support (ALS) emergency medical situations. The District also provides a wide range of non-emergency services, including fire and life-safety presentations and inspections at schools, businesses and community groups, as well as first aid training for those requesting the service. Currently the district holds an ISO (Insurance Service Office) rating of 4 which helps ensure some of the lowest rates available for Residential Hazard Insurance.

Mid-County Fire Protection District--Formed in 1986, the Mid-County Fire Protection District located in central Missouri in the beautiful Lake of the Ozarks. This district encompasses 220 square miles in central Camden County. Our full service/multi-discipline department responds to more than 1,100 calls annually, including structural and wildland fire suppression, vehicle and technical rescue, marine firefighting and rescue, dive/water recoveries, emergency medical services, code enforcement, fire prevention/public education, along with a host of other activities and services. Our six fire stations and two fireboat docks house the following equipment: 4 engines, 6 tankers, a rescue engine, 7 brush/EMS trucks, a 75' ladder truck, a fuel/utility truck, a dive/water rescue truck and 3 staff vehicles. The career staff consists of 3 Firefighters, 3 Captains, Administrative Assistant, Fire Inspector, Fire Marshal and a Fire Chief located at Station 1. In addition the roster consists of 35 volunteer staff that respond out of all six stations. The department operates 4 divisions that include: Training, Operations, Fire Prevention and Support Services.

Neosho Fire Department - The Neosho Fire Department and the Neosho Area Fire Protection District serve an area of approximately 93 square miles and a population of approximately 19,000 citizens. (11,500-city proper) The Neosho Area Fire Protection District contracts with the city to provide protection for the area surrounding the City of Neosho. The Department is staffed by 26 full time personnel, 1 Administrative Assistant and 3 paid on call personnel staffing 2 stations. Currently the Department has an ISO rating of 5 in the City and 5 to 9 in the District. (Based on location) The Fire Department also provides non-emergency services to the area including schools, civic groups, business and industry for fire and life-safety presentations and training programs.

Nevada Fire Department - Nevada Fire and Rescue serves an area of approximately nine square miles with a City population of 8,607 and a daytime population of approximately 10,000. The Department is staffed with twelve full-time line personnel along with one administrative staff member. We operate out of one station utilizing two engines, one quint/ladder, haz-mat unit and a medium rescue unit. The city is protected by a daily on-duty strength of four personnel supplemented by the part-time staff. The

Department provides a wide range of emergency and non-emergency services including: Fire Suppression, BLS First Responders as requested from Vernon County Ambulance District, Homeland Security Response Team, and Technical Rescue. Other services provided include fire and life-safety presentations as well as CPR and First Aid courses for those requesting the service through the American Red Cross. Currently, the Department holds an ISO (Insurance Services Office) rating of 4.

Nixa Fire Protection District - The Nixa Fire Protection District serves an area of approximately 53 square miles and a population of 30,000. The District employees 4 chief officers, 3 battalion chiefs, 3 captains, 3 lieutenants, 3 driver operators, 15 firefighters, 2 fire marshals, an administrative assistant, and a chaplain to protect and serve the community through education, preparation, mitigation and response as well as advanced life support medical services. The District operates 4 engines, 1 ladder, 2 tankers, 1 medium rescue, 2 brush units, 1 rescue boat, a command trailer, and 7 staff vehicles out of 4 stations. The District carries an ISO Class 3 within the city limits of Nixa and an ISO Class 5 in the remainder of the Fire District.

Osage Beach Fire Protection District -- The Osage Beach Fire Protection District is a combination fire district protecting 105 square miles in the Heart of the Lake of the Ozarks in Central Missouri, in Camden and Miller Counties. Our year round population is approximately 10,000, weekend and seasonal residents in addition to tourism raises this numbers to over 100,000 on Holiday Weekends. The District operates out of 4 Stations, 2 manned and 2 volunteer.
Our fleet includes: four rescue engines, one ladder truck, five tankers, two fire boats, a communications/command trailer and 5 staff vehicles. Our Staff includes an Elected Board of three Directors, a Fire Chief, Deputy Chief, Division Chief (Fire Prevention), two inspectors, 6 Captains, 6 Engineers, 12 firefighters, two front office personnel, 15 volunteer firefighters and 15 volunteer search and rescue team members with canine.

Parsons Kansas Fire Department - Parsons Fire Department serves an area of approximately nine square miles with a City population of 11,000 and a daytime population of approximately 15,000. We also cover 16,000 acres of wild land two miles east of Parsons. The Department is staffed with eighteen full-time personnel along with one administrative staff member. We operate out of two stations utilizing three engines, one 75' quint, two medium rescue units, and a haz-mat trailer. The city is protected by a daily on-duty strength of six personnel. The Department provides a wide range of emergency and non-emergency services including fire suppression, BLS first response to major medical calls, technical rescue team, water rescue team and a haz-mat team. Other services provided include fire and life-safety presentation as requested. Our Department currently holds an ISO (Insurance Services Office) rating of 4.

Pittsburg, Kansas Fire Department- The Pittsburg Fire Department serves an area of approximately 13 square miles and a population of 19,283 residents plus 7,000 Pittsburg State University students. With an ISO rating of 3, and a staff of 34 full-time paid personnel, we respond to all emergency calls within the city limits including BLS First Responder medical calls. The City is protected with 3 stations, 2 quints, 1 pumper, 1 85 ft. aerial and a rescue-medical truck. We also provide hazardous material response for Crawford County with a Homeland Security truck and trailer. Pittsburg Fire Department is very active in the community and the school system providing education and support.

Redings Mill Fire Protection District – The Redings Mill Fire Protection District, located just south of Joplin, MO, serves an area of 110 square miles with a growing population of approximately 30,000. The Department is staffed with 15 career staff members and supplemented by20 highly dedicated volunteer/part-time members. Protection is provided utilizing six fire stations and an on-duty strength of four personnel. The Department provides fire suppression services, BLS first response for the Newton

County Ambulance District, rescue, haz-mat, and wildland fire protection services. We also promote education within the community through public education in schools and appearances throughout the community. Currently the Department holds an ISO (Insurance Services Office) rating of a 5 in areas protected by hydrants and a 7 in areas not protected by hydrants.

Republic Fire Department-- The Republic Fire Department serves an area of approximately thirteen square miles with a population of approximately 15,000. Republic is located directly west of the Springfield City limits and lies in Greene and Christian Counties. The Department is staffed with eighteen full-time line personnel along with three administrative Chief Officers. The Department also has paid on call firefighter program which further supplements the full-time staff. The Republic Fire Department holds an ISO (Insurance Services Office) rating of 3 throughout the entire City.
The department operates from two stations utilizing two engines, two aerials, three tankers, heavy rescue and a brush truck. The Department provides a wide range of emergency services including BLS first response, fire prevention and education, training and other community service programs. The department provides auto aid response to Springfield Fire Department and Battlefield Fire Protection District as well as mutual aid response to four neighboring departments.
The Fire Department takes a very active role in the community and the school system providing education and support to its citizens.

Sunrise Beach Fire Protection District— The Sunrise Beach Fire District is located at The Lake of The Ozarks. The Lake of the Ozarks Covers 54,000 Acres with 1,150 Miles of Cove-Indented Shoreline; the Lake Is 93 Miles in Length. Presently the Fire district has five (5) stations. Station # 2 is manned with nine career Firefighters. The Fire chief's staff is comprised of the Fire Chief, Asst. Chief, Fire Marshal, Part Time Inspector, Training Officer, and an Administrative Assistant. Our department presently has 15 Volunteer Firefighters. The District is primarily residential with approximately 12,000 permanent residents, with over 45,000 seasonal residents residing in single-family homes, and over eight hundred condominium units. The structural protection responsibilities range from; single-family dwellings to multi-story condominium complexes (up to 11 and 12 stories), and large marina operations. The Sunrise Beach Fire Protection District provides emergency services to 63 square miles of land area and approximately 240-miles of shoreline. We presently have: Five Pumpers, two aerial Trucks (105' and 75') Five Tankers, Two 4X4 Structure/Wildland Trucks, One Brush Truck, One Medium Rescue Vehicle, and two fire Boats, In addition to land based emergencies the fire district fireboats respond to reported boating accidents, fires on boats, fires in marinas, land based structure fires at the shoreline, and calls for supplying water for wild land fires. We also provide under water recovery, and assistance requested by Law Enforcement. Currently the Fire District holds an ISO (Insurance Service Office) rating 0f 6. The district is located in one of the most popular tourist attractions in the Midwest; attracting 4.5 to 5 Million Visitors Annually.

Tri-State Fire Recruitment Alliance

Applicant Registration Requirements

In order to participate in the Tri-State Fire Recruitment Alliance testing program, you must meet the following general requirements:

1. Applicants must be legally entitled to work in the United States and able to obtain a Missouri driver's license.
2. Some departments will accept applications from anyone 18 years of age or older, while other departments require applicants to be at least 21--there is no maximum age to apply.
3. Applicants must have a high school diploma or GED; some college education is desirable as are EMT/firefighter/paramedic certifications (departments prefer applicants with EMT certification but it is not required to take the test).
4. Applicants with out-of-state fire certifications will be considered and allowed to participate, but before being hired it will be required to go through the reciprocity process with the International Fire Service Accreditation Congress (IFSAC). For more information, call the Division of Fire Safety at 1-800-877-5688.
