Historic Marker Display Guidelines

In order to maintain a consistent use and display of the Historic Joplin Markers, the Historic Joplin Preservation Commission (HJPC) has set forth the following Display Guidelines:

Pole/Standard:

A metal pole will be provided with the installation of the marker. An alternative post/standard may be utilized by the property owner at their own expense. HJPC will approve such poles based on the following criteria:

1. The style of the post/standard must complement the individual architectural style of the building, home, site or structure. For example: a Victorian post/standard for a Victorian structure, a Craftsman post/standard for a Craftsman Bungalow.
2. The height of the marker and post should be no higher than six (6) feet.

Marker Installation:

- Markers shall be installed on the outside edge of the property line at a distance no less than two (2) feet and no more than eight (8) feet from the sidewalk.
- At intersections, the Marker must be placed on the corner of the property facing the intersection. All other Markers must be placed facing the street.
- The height of the Marker and post should be no higher than six (6) feet.

Maintenance:

- Markers shall be maintained to be free of obstructions and clearly visible.
- Maintenance, replacement, repair due to weather, vandalism etc., of the marker is the responsibility of the property owner.

Continued Use:

- Markers are the property of the Historic Joplin Preservation Commission.
- Markers may not be removed without the approval of the HJPC.
- Any change in the display location of the marker and post shall be submitted in writing to the HJPC for approval.

I have read and agree to the above guidelines.
