GRANT UPDATE

January 2, 2024

GRANT UPDATE

Grant Opportunities: CIIEG

- In early November, the State sent a new American Rescue Plan Act (ARPA) Grant Opportunity titled "First Responder Capital Improvements & Interoperable Communications Equipment Grant" (CIIEG) with a due date of December 1, which was then extended to ***January 5, 2024***
- There are only two priorities for this grant:
  - Capital improvement projects that involve/incorporate a 24/7 daycare service available for first responders and medical personnel, or
  - Capital projects that demonstrate a regional and/or statewide impact related to first responders
- 50% Match Required, Project must be complete by 6/30/2026
- Grant is extremely limited in scope

GRANT UPDATE

Grant Opportunities:
CIIEG

- Project Identified: Mobile Aircraft Fire Trainer (MAFT) at the Public Safety Training Center for Aircraft Rescue and Fire Fighting (ARFF)
- Public Safety Training Center was built in anticipation of acquiring this capital equipment in the future with grant funding
- Airport firefighters are currently required to travel to Dallas, TX to receive the ARFF required training
- The only similar piece of equipment in Missouri is located at the University of Missouri
- 5 Fire Department personnel already have the required Part 139 certifications to conduct the ARFF training
- Springfield, Branson and Hot Springs have expressed interest in training in Joplin
- This meets the regional/statewide grant requirement, as long as the equipment is permanently fixed to the property

MAFT 27

Estimated Cost:$500,000.00

GRANT UPDATE

Grant Opportunities: RAISE

- Between Capital Improvement Sales Tax, City ARPA funds, Jasper County and the Special Road District, the City anticipates having sufficient funding to design 20th Street from Schifferdecker to State Line Road and construct the improvements from Schifferdecker to Central City Road
- As previously discussed, the City has begun working on the RAISE (Rebuilding American Infrastructure with Sustainability and Equity) Grant to complete 20th Street from Central City Road to State Line Road
- RAISE was previously also known as the TIGER Grant and the BUILD Grant
- Extremely competitive and requires a detailed Benefit Cost Analysis, along with a NEPA Environmental Review

GRANT UPDATE

Grant Opportunities:
RAISE

- Grant is due February 28, 2024
- Required Next Steps: Change order with AMA for the BCA and the NEPA Environmental Review in the amount of $77,000.00
- If the City is not successful with the 2024 Grant Application, we will have the ability to update the grant from any feedback and apply again with minimal effort

GRANT UPDATE

Request

- Request approval to apply for the CIIEG
- Request approval to execute the change order in order to apply for the RAISE grant
