GOAL

The Long Range Transportation Plan (LRTP) serves as the blueprint for transportation improvement priorities within the metropolitan area including roadway and bridge, public transit, rail, aviation, freight, and bicycle/pedestrian.

Come to the open house and express your issues, opinions, and ideas in relation to multi-modal transportation. For example:

- *What is your assessment on our current trail and trolley system?*
- *What areas of transportation do you think we should improve?*
- *In your opinion, what streets, railroad crossings, and intersections need to be improved?*

The future of our metropolitan transportation system and success of the LRTP depends on your participation……. So please join in!
