CITY OF JOPLIN
ADDENDUM NUMBER 1

Issued to all Bid Document Holders of Record.

Date: 3/2/2023

Project Name: Joplin Streets Mill and Overlay 2023

This addendum forms a part of the contract described above. The original Contract Documents and any prior addenda remain in full force and effect as modified by the following that shall take precedence over any contrary provisions in the prior documents.

1) **The date and time of the bid opening is changing as follows: The bid opening will now be March 9, at 2:00 pm, in the 4th floor conference room of City Hall.**
2) **Bid items are added for striping, thermoplastic arrows, and thermoplastic crosswalks. Striping can be paint or thermoplastic and is to be provided on St. Louis Ave and Florida Ave. The arrows are for Florida Avenue near the signalized intersections. The crosswalks near McKinley are to be continental style (same as is there now) and the crosswalks on the North and South side of the intersection of 4th and Florida are to be put in as transverse crosswalks. One pair of transverse lines is considered one crosswalk, therefore one quantity in the proposal.**
3) **The notification procedure laid out in Exhibit C (Notification of Work) is to be amended so that all property occupants shall be notified a minimum of 2 business days in advance of placement of milling and overlay, instead of the original 5 days.**
4) **The work added for the Schifferdecker Golf Course Path in Alternate 1 and 2 is strictly for the addition/construction of a 2" layer of asphalt that is 8 feet wide. All prep work will be performed by city crews. There are a few sections of path that will be different than existing and city crews will perform all necessary subgrade work and put down base rock. Any reasonable damages caused by equipment to the grass/dirtwork will be repaired by the city. An example of reasonable is rutting caused by trucks as they drop off the side of the path on a curve or corner or any rutting caused by the paver if the wheelbase of the paver is wider than the 8 foot path. An example of unreasonable would be a truck taking a shortcut between paths and rutting up the course. Contractor is expected to follow the paths as best as feasibly possible.**
5) **The golf course will still be in operation during paving, however the City will work with the contractor to close holes/paths as the contractor works. Contractor coordination with the golf course staff will be required.**
6) **Maps are included for the streets to be paved with the crosswalk locations marked by blue squares. The golf course paths map is also attached. Red indicates Phase 1, Blue indicates Phase 2, Green represents concrete path that is not to be paved over, and Yellow is an existing path that will be rerouted and is not to be paved.**

Daniel Johnson, PE
Director of Public Works

3-2-23
Date

Each bidder shall acknowledge receipt of this addendum by affixing his signature below by noting this addendum on his bid form, and by attaching this addendum to his bid.

ACKNOWLEDGEMENT

The undersigned acknowledges receipt of this addendum and the Bid submitted in accordance with information, instructions and stipulations set forth herein.

City reserves the right to award contract based on the lowest base bid, or combination of base bid and any alternates.

City reserves the right to add or delete from contract. There shall be no mobilization charges for work added over 150 tons.

ACCEPTANCE FOR PROVISION FOR ASPHALT CEMENT PRICE INDEX

Bidders have the option to accept the provision for Asphalt Cement Price Index in accordance with the Job Special Provision. The bidder must mark the box below if they choose to accept the provision. No price adjustments will be made, due to asphalt changes, for bidders who do not accept this provision.

☐ Yes □ No Asphalt Cement Price Index

The undersigned agrees to enter into a contract within fifteen (15) days from notice of award should this proposal be accepted, and enter into bonds with good and sufficient securities, to be complete this work by August 31, 2023. Should the undersigned fail to complete the work within the allowed working days, a penalty of $2,500.00 per calendar day thereafter shall be instituted, the amount to be deducted from the contract price. In order to pay all labor employed and material used in connection with this work and to adjust all claims or liens that may arise in consequence of said work, to the satisfaction of the Director of Public Works, above said bonds shall also indemnify and save harmless the said City from all damages or injuries to any person or persons, either in the employ of the contractor, his agents, servants or employees.

In the event of the failure of the undersigned to enter into such contract within fifteen (15) days of the award, then the deposit or certified check of five percent (5%) of the total bid amount as surety is therefore forfeited to the City of Joplin.

The original signed proposal must be submitted to the Public Works Director, Public Works Office, 602 South Main Street, Joplin, MO 64801, 7th day of March at 2:00 p.m. The Contractor certifies that the information provided by it in its offer is accurate and complete. The execution of this proposal is certification that the undersigned Contractor has read and understands the instructions, terms, conditions and specifications of this solicitation, and agrees to fulfill the requirements of any awarded contract at the prices offered. By executing this offer, the Contractor further certifies that they are duly authorized to execute contracts on behalf of the Contractor and have obtained all necessary or applicable approvals to make this contract fully binding upon the Contractor.

Dated this _____ day of _____, 20___.
