CITY OF JOPLIN
ADDENDUM NUMBER 1

Issued to all Bid Document Holders of Record.

Date: 3/10/2026

Project Name: Joplin Streets Mill and Overlay 2026

This addendum forms a part of the contract described above. The original Contract Documents and any prior addenda remain in full force and effect as modified by the following that shall take precedence over any contrary provisions in the prior documents.

1) **The following are questions from the pre-bid or emailed in and their answers:**

   Q. Will the detection loops at the 2nd Street and 4th Street intersection with Maiden Lane need to be replaced?
   A. No, they will be getting replaced with alternate detection types. Please coordinate prior to milling so the loops can be disconnected.

   Q. Will trackless tack be considered for this project?
   A. Yes, trackless tack will be required for Maiden Lane and can be used on Lone Elm at the contractor's discretion.

2) **The following changes are being made to the Job Special Provisions:**

   Anti-Stripping Agents are being removed as follows: Mix design shall be BP-1 or BP-2 in accordance with current MoDOT Missouri Standard Specifications for Highway Construction, Section 401 ~~and shall contain anti-stripping additive/agent~~. Superpave mixes shall not be allowed.

   Trackless Tack is being added as follows: Trackless tack shall be used on Maiden Lane. Trackless tack can be used on Lone Elm Road at the contractor's discretion. Trackless tack shall conform to MoDOT's standard specifications, all other tack shall be in accordance with City of Joplin Standard Specifications. All tack shall be considered incidental to the asphaltic concrete item price. No additional payment shall be made for this item.

3) **The Proposal is updated to add/amend the following items (make sure to use the updated proposal when turning in bids):**

   a. All milling is modified to reflect 1.5".
