Phone: 417-624-0820, ext. 500 **Fax:** 417-625-4738

---

1. Are there any Addendums posted for Bid #103-2021?
   This Addendum, Addendum # 1 is now posted.
2. Does the City have historical records of volumes of waste discarded by the month, as well as category of such waste, i.e. solid waste, tires, limbs, and brush?
3. We have the below information. We don't have record of tonnage.

	2-20	3-20	4-20	5-20	6-20	7-20	8-20	9-20	10-20	11-20	12-20	1-21
Large trailers	58	89	17	85	105	170	244	142	111	102	113	108
Small trailers	36	72	22	66	55	42	63	48	33	25	30	34
Yard waste large trailers	0	0	0	0	0	0	0	0	0	0	0	0

Yard waste small trailers	0	0	1	1	0	0	0	0	0	5	0	0
tires	0	5	4	0	0	0	0	5	0	0	2	1
total loads from Joplin	94	161	40	152	160	212	307	190	144	132	143	143

4. What is the current cost of service?

Per the current transfer station contract with Republic Services, the current costs are as below.

	Price for Resident	Price for City	Total price
Large trailers	$13.39	$13.39	$26.78
Small trailers	$10.30	$10.30	$20.60
Yard waste large trailers	$24.73	$24.73	$49.46
Yard waste small trailers	$17.51	$17.51	$35.02
tires	$4.65	$4.65	$9.30

5. Annual Price Adjustments?

The annual price adjustment allowed is 2% per year. On page #15 of TRANSFER STATION RFP: #103-2021 the annual rate increase allowed is 1%. This is incorrect. It should say 2%.

6. Is a Bid Bond required?

No, a Bid Bond is not required.

7. Page 8 "prohibited Waste" says the City will not subsidize a cost for specific items, i.e. brush, tires, etc.... However, page 13 and Form A both request a cost for disposal of limbs and brush and tires?

The city will subsidize a cost for brush and limbs, but not leaves or grass clippings. The city will subsidize tires, exempting tires from commercial, construction, or industrial equipment. If a citizen and the vendor disagree about whether their waste qualifies for the subsidized rate, the vendor can reach out to the city contact for help coming to a resolution.

8. Would the City provide a sample/example of the charge tracking log required by the RFP?

No. We require your normal weigh sheets and invoices. There should also be a log provided by the Vendor showing each of the transactions that pertain to this agreement.

9. Certificate of Insurance required adding "city" as additional insured?

Company should be able to give the city a certificate of insurance for their Transfer Station without city as an additional insured.

10. On page 7, clause 1.2.b.iii states that the vendor must provide a 24-hour notice if closing on a regularly scheduled open day due to inclement weather, emergency, or other valid reason.

The City recognizes that the vendor may not have a twenty-four-hour period in which to provide notice, so a 6-hour notice if closing on a regularly scheduled open day due to inclement weather, emergency, or other valid reason is acceptable. Communication is always welcome.

Respectfully Submitted,

David K Hertzberg
